The world business organization

About International Chamber of Commerce (ICC)

The International Chamber of Commerce (ICC), The world business organization, was founded in 1919 in the aftermath of the First World War when no world system of rules governed trade, investment, finance or commercial relations. ICC's founders, referred to as "The Merchants of Peace", acted on their conviction that building stronger trade relations between nations would reduce the risk of war and armed conflict.

ICC is the institutional representative of more than 45 million companies in over 100 countries having 1 billion workers worldwide with a mission to make business work for everyone, every day, everywhere.

ICC is the only business organization that holds Permanent Observer Status at the United Nations, granted at the General Assembly of the United Nations in December 2016.

The fundamental mission of ICC is to promote open international trade and investment across frontiers and help business/ corporations to meet the challenges and opportunities of globalization. Its conviction that trade is a powerful force for peace and prosperity. The three primary activities that the ICC performs are the establishment of rules, dispute resolution, and policy advocacy. ICC also wages war on commercial crime and corruption to bolster economic growth, create jobs and stabilize employment, and ensure overall economic prosperity.

ICC represent business interests at the highest levels of intergovernmental decision-making, whether at the World Trade Organization, the United Nations or the G20 − ensuring the voice of business is heard. It is this capacity to bridge the public and private sectors that sets apart as a unique institution, responding to the needs of any stakeholder involved in international commerce.

ICC plays a vital role in scaling widespread action on Sustainable Development Goals and has a long history of formulating the voluntary rules by which business is conducted every day − from internationally recognized Incoterms® rules to the UCP 600 Uniform Customs and Practice for Documentary Credit that are widely used in international finance.

In addition, ICC specialize in world-class business and legal training and are an industry-leading publisher of practical tools for international business, banking and arbitration. So, from the small e-commerce start-up in Istanbul to the multinational software company in Delhi, businesses worldwide can benefit from ICC's rules and mechanisms for the conduct of trade.

Through a unique mix of advocacy, solutions and standard setting, ICC promote international trade, responsible business conduct and a global approach to regulation, in addition to providing market-leading dispute resolution services. ICC members include many of the world's leading companies, SMEs, business associations and local chambers of commerce.

ICC's unrivalled understanding of business arises from the expertise of members, most of whom are involved in international commerce. From banking regulation and global taxation to ethical marketing and climate change, the strength and legitimacy of ICC's advocacy work and rules making derive from the fact that they are developed through extensive consultation with member companies.

At present, close to 3,000 experts make up the specialized working bodies that establish the business stance on a broad range of issues. What's more, the trainings and events ICC stage all harness the expertise of our members to ensure they keep pace with the latest developments and issues in the field.

The know-how and vision of the members ensure the world business organization continually evolves to meet the needs of businesses today. In turn, ICC members and experts count on ICC influence to get business views across to governments and intergovernmental organizations, whose decisions affect corporate finances and operations worldwide.

ICC's policy commissions, comprising business experts who examine major issues of interest to the business world, prepare policy products, including statements and recommendations to contribute to intergovernmental discussions, as well as rules and codes to facilitate international business transactions.

About International Chamber of Commerce-Bangladesh

Bangladesh National Committee of ICC, founded in 1994, is comprised of trade organizations, national and trans-national corporations, who represent almost 80% of Bangladesh economy. The activities of ICC Bangladesh include promotion of foreign trade and investment, trade policy reviews, business dialogues, seminars & workshops both at home and abroad on related policy issues, harmonization of trade law & rules, legal reforms, updating businesses with the ICC rules & standards for cross border business transactions. ICC Bangladesh has so far organized following regional & international conferences.

- 10-11 November 2000: ICC Asia Conference on "Investment in Developing Countries: Increasing Opportunities" organized in Dhaka was inaugurated by the Prime Minister of Bangladesh and attended by a number of high profile dignitaries including the Thai Deputy Prime Minister & WTO Director General Designate, ADB President, UN-ESCAP Executive Secretary and Chinese Vice Minister for Foreign Trade & Economic Cooperation. More than 250 participants from 24 countries participated in this event.
- 17-18 January 2004: International Conference on "Global Economic Governance and Challenges of Multilateralism" was held in Dhaka, coinciding with 10th Anniversary of ICC Bangladesh. The Conference was inaugurated by the Prime Minister of Bangladesh and Thai Prime Minister was the Keynote Speaker. WTO Director General, EU Commissioner for Trade, UNESCAP Executive Secretary, Governor of Japan Bank for International Cooperation, six Ministers from three continents, Bangladesh Ministers, ICC Chairman, ICC Vice Chairman, ICC Secretary General and more than 500 participants from 38 countries attended this event.
- 27-28 September 2005: Regional Seminar on "Capital Market Development: Asian Experience". The Seminar held in Dhaka was inaugurated by the President of the People's Republic of Bangladesh and attended by Chairmen/CEOs of securities & exchange commissions, stock exchanges, capital market operators, financial institutions and investors from 15 Asian countries.
- 13 April 2010: Conference on "Energy for Growth" was held in Dhaka coinciding with the 15 years of ICC's presence in Bangladesh. The Conference was inaugurated by the Finance Minister of Bangladesh and attended by ICC Global Chairman, Minister for Commerce of Bangladesh, Minister for Development Cooperation of Denmark and Adviser to the Bangladesh Prime Minister for Energy & Mineral Resources. Some 800 delegates from home and abroad including energy experts and international financiers from Australia, China, Denmark, India, Germany, Japan, Singapore, Switzerland, UK and USA attended the event.
- 25-26 October 2014: International Conference on "Global Economic Recovery: Asian Perspective", was in held in Dhaka coinciding with the 20 years of ICC's presence in Bangladesh. The Conference was inaugurated by the President of the People's Republic of Bangladesh. Minister for Finance & Minister for Commerce of Bangladesh, UNCTAD Secretary General, Ministers from Myanmar and Nepal; ICC Vice Chairman; ICC Secretary General; ICC Research Foundation Chairman; Director of ICC National Committees and more than 500 participants attended this event.
- 8-9 February 2017: The first ever "UNESCAP Asia Pacific Business Forum: Regional Integration to Achieve Sustainable Development" was organized by ICC Bangladesh jointly with UNESCAP under the patronage of the Ministry of Commerce, Government of Bangladesh. The Forum was inaugurated by the Hon'ble President of the People's Republic of Bangladesh. Ministers from Bangladesh, Sri Lanka, Nepal, UNESCAP Under Secretary General, UNCTAD Secretary General, business leaders and some 600 delegates from home and abroad attended the Forum.
- 10-12 December 2019: "The Asia Pacific Conference on Financing inclusive and Sustainable Development" was organized by ICC Bangladesh jointly with UNESCAP, ADB and LIBF (The London Institute of Banking & Finance) under the patronage of the Financial Institutions Division (FID), Ministry of Finance, Government of Bangladesh to celebrate 100 years of ICC and 25 years of ICC Bangladesh. The Hon'ble President of the People's Republic of Bangladesh inaugurated the Conference. Video Messages from UN Secretary General Mr. Antynio Guterres and 8th former United Nations Secretary General Mr. Ban-Ki moon were also played during the inauguration. Ministers from Bangladesh, Cambodia, Maldives and Sri Lanka, Under-Secretary-General of the United Nations and Executive Secretary of ESCAP, Central Bank Governors, Business Leaders, Policy Makers, Experts and some 800 delegates from home and 30 foreign countries attended the Conference.

As part of its activities, ICC Bangladesh has been organizing Workshops/ Seminars on International Trade Finance, mainly for bankers, within Bangladesh and in various countries. Since 2014, the National Committee has organized workshops in Kuala Lumpur (April 2014); in Colombo (February 2015); in Kunming (August 2015); in Yangon (November 2015); in Hanoi (April 2016); in Bangkok (December 2017) and in Phnom Penh (April 2018). The National Committee also arranged participation of Bankers from Bangladesh at ICC Annual Banking Commission Meetings held in Singapore, Jakarta and Beijing. Besides, since 2017, ICC Bangladesh has been arranging participation of bankers at various international conferences on Trade Finance held in Vienna, Ho Chi Minh City, Singapore, Kuala Lampur and London.

ICC Bangladesh participates in most of the World Chambers Congress, ICC World Council Meetings and WTO Ministerial Meetings as well as ICC Regional Consultative Group Meetings.

Preface

Bangladesh, situated along the BCIM (Bangladesh-China-India-Myanmar) Economic Corridor, retains a strategic position along the 21st Century Maritime Silk Road with Chittagong port as a major maritime pivot through the Indian Ocean. Bangladesh's strategically important geographic location has the potential to develop cooperative relations and investment atmosphere. The successful operation of the corridors might bring about positive socio-economic changes in regional trade integration, production networks, supply chains, connectivity, and living standards of the people.

Bangladesh's journey of five decades since its independence in 1971 is phenomenal. Bangladesh has made remarkable progress in reducing poverty, riding on sustained economic growth. According to World Bank, Bangladesh reduced poverty from 43.5 percent in 1991 to 14.3 percent by 2016 and 20.5% by 2019.

Life expectancy, literacy rates and per capita food production have also increased significantly. This progress has been possible because of steady growth in GDP. Bangladesh reached the lower middle-income country status in 2015. Bangladesh fulfilled all three eligibility criteria for graduation from the UN's Least Developed Countries (LDC) list for the first time in 2018 and second time in 2021 and is on track for graduation in 2026.

Bangladesh's economy has averaged above 6% annual growth for nearly a decade, reaching over 8% in FY 2018-19 for the first time in its history. The solid economic development of recent years is based on the growth of agriculture, the export success of the textile industry and the remittances from Bangladeshis abroad. To continue to grow at an even faster pace, the government has been creating the essential conditions for the private sector's dynamism that has boosted economic growth. An ambitious scheme to build a network of 100 Economic Zones (EZs) around the country is being currently implemented by the Bangladesh Economic Zones Authority (BEZA).

Bringing world expertise to the local business, promoting foreign trade and investment, facilitating legal reforms and harmonizing trade law and rules, Bangladesh National Committee of International Chamber of Commerce (ICC), The World Business Organization, continues to provide business organizations with the support they need to grow in the international arena. ICC Bangladesh was established in 1994 and is comprised of major Chambers of Commerce, Business Associations, Stock Exchange, Banks, Non-Banking Financial Institutions, Trans-national Companies, Law and Accounting Firms and large Corporate Houses having interest in international business. In 2019, ICC Bangladesh celebrated its 25th anniversary.

ICC Bangladesh helps business entities adapt to the challenges in today's rapidly changing global economy by organizing policy reviews, business dialogues, seminars and workshops on issues related to foreign trade and investment and market access.

Since its inception, the National Committee has been working closely with the government in reforming laws and rules that govern businesses and liberalizing trade to integrate Bangladesh with the global market place. The organization has also been actively engaged in legal and policy reforms including: Information Technology (IT) Act, modernization of Arbitration Act, modernization of Tax Laws & Customs Act, introduction of ATA Carnet System in Bangladesh, development of Bangladesh Foreign Trade Institute (BFTI) and establishment of Bangladesh International Arbitration Centre (BIAC).

ICCB Business Directory provides a fair idea about available opportunities in an enabling environment. The Directory is a comprehensive, informative and up-to-date guide published to provide support service to both foreign and local investors. The Directory analyses the latest trends in Foreign Direct Investment (FDI) and incentives provided by the government for encouraging both local and foreign investment. In addition to that, a brief on different policies of the government will help investors to get an understanding of the business climate in Bangladesh.

I hope, this Directory will serve as a useful tool to everyone, as an independent source of information about challenges and opportunities for doing business in Bangladesh and will help the government to turn its weaknesses into strengths.

I wish to place on record my profound thanks to all my colleagues in the Executive Board and distinguished Members of ICC Bangladesh as well as officials of the National Secretariat for their sincere efforts in preparing the second edition of ICC Bangladesh Business Directory (The first edition was published in 2008). I also thankfully acknowledge assistance received from our sponsors for providing their unqualified support; without which it would have been very difficult for us to go for such a venture.

We would consider our endeavour worthwhile only if the users are benefited from this publication. In the same breath, we would very much appreciate any suggestion for its improvement in future editions.

Mahbubur Rahman
President
International Chamber of Commerce-Bangladesh

Jute genome decoding to open up industrial use/applications in an emerging green world e.g. BMW, Boeing using jute. **250+** innovative use of jute documented

3rd largest vegetable producer, globally [FAO, 2019]

Stress-tolerant Rice varieties developed cultivated on more than **80%** land, accounting for **91%** of total rice production

Magical HILSA

- **3rd largest** in inland fish production, globally
- **5th** largest in aquaculture production
- **11th** in marine fish production, [FAO, 2018]

Globally

- **2nd largest** in jute production
- **4th** in rice production
- **8th** in mango production
- **6th** in potato cultivation
- **8th** in horticulture

BANGLADESH AT 50

Bangladesh celebrated 50 years of its Independence and National Day on 26 March 2021, coinciding with the grand celebration of the birth centenary of Father of the Nation Bangabandhu Sheikh Mujibur Rahman.

On the occasion, President Mohammad Abdul Hamid and Prime Minister Sheikh Hasina issued separate messages extending heartfelt greetings and warm felicitations to the countrymen living both home and abroad.

The grand celebration of the birth centenary of Father of the Nation Bangabandhu and the golden jubilee of Bangladesh's independence, which marked the physical attendance of five heads of states and governments and virtual attendance of other global leaders, started on March 17 at the National Parade Square in the presence of Maldivian President Ibrahim Mohamed Solih with parades, fireworks, tributes to Father of the Nation Bangabandhu Sheikh Mujibur Rahman. The 10-day grand celebration ended on 26 March with the attendance of Indian Prime Minister Narendra Modi in person as the guest of honour.

LANCE

Earlier, Sri Lankan Prime Minister Mahinda Rajapaksa, Nepalese President Bidya Devi Bhandari and Bhutanese Prime Minister Dr. Lotay Tshering joined the grand celebration in person since March 17. Marking the day, the government has taken elaborate programs maintaining the health guidelines in view of the global pandemic coronavirus.

Global leaders, including the Chinese and French presidents, and the Prime Ministers of Japan, Canada, South Korea, Cambodia and Pope Francis delivered video messages during the celebration.

Bangladesh's journey of fifty years since its independence in 1971 has been tremendous and to many it is a 'land of impossible attainment'. The dominant narrative of Bangladesh has been of an economic miracle: the country that suffered famines in 1974 and military coups in 1975, 1982, and 2007 that had dealt painful blows to the democratic progress, has improved extraordinarily in every measure of human development.

Bangladesh's impressive score card is built on her success in terms of attaining a consistently high pace of economic growth and an impressive performance with regard to various development indicators, including those relating to the Millennium Development Goals (MDGs). The success in economic growth has led to Bangladesh's dual graduation—graduation from a Low-Income Country (LIC) to a Lower Middle-Income Country (LMIC) in 2015, according to the World Bank criterion and eligibility for graduation from the group of Least Developed Country (LDC) to Developing Country (DC) status in 2018, according to United Nations criteria.

In a very recent report, the Wall Street Journal writes that Bangladesh is becoming South Asia's economic bull case and claimed that Bangladesh's development model matches that of stages in South Korea, China and Vietnam.

As Bangladesh celebrates golden jubilee of its independence in 2021, the country has achieved another important milestone at the second triennial review by the Committee for Development Policy of the United Nations (UN-CDP) held on February 22-26, 2021. UN-CAP gives its final recommendation to Bangladesh to graduate from the least developed country (LDC) category. The country has met for second time all three eligibility criteria to graduate from the LDC group involving per capita gross national income (GNI), human assets index (HAI) and economic vulnerability index (EVI).

Bangladesh is well ahead in the GNI criterion, the country's per capita income was $1,968 in 2020. In the HAI criterion, the country's score stands at 75.4 points, well above the requirement of 66. In the EVI, when a country score has to be less than 32, the country scored 27.3.

Bangladesh's per capita income now stands at $2,227, which 1.2 times higher than the required threshold.

When Bangladesh was included in the LDC group in 1975, the poverty rate of the country was 83 percent. In 1981-82, the figure was 74 percent. The country's poverty rate declined to 20.5 percent in 2019 from 40 percent in 2005. The extreme poverty rate also declined sharply to 10.5 percent in 2019 from 25.1 percent in 2005.

Now, if everything goes well, Bangladesh will graduate in 2026, i.e., five years hence. Prior to the outbreak of COVID-19 pandemic, Bangladesh was set to exit the LDC group in 2024.

The new identity as a developing country will contribute significantly in improving the image and branding of Bangladesh. This will help to attract investors into the country. Global lending agencies will feel reassured on the ability of the country to pay back loans. The credit worthiness of Bangladesh improve, and its credit rating will be better. Bangladesh will have more opportunities for taking commercial loans from the international market at a competitive interest rate. And an improved brand image will help the country to mobilize resources from the global market through sovereign bonds.

The graduation to developing country is a special step for Bangladesh in its efforts to achieve the SDGs by 2030, become a higher middle-income country by 2031 and a developed country by 2041.

A nation of 168 million people driven by an indomitable spirit to grow, Bangladesh became the 41st largest economy of the world (in 2019) in terms of market price Gross Domestic Product (GDP) and 30th in terms of Purchasing Power Parity (PPP) price GDP[1]. The county is one of the fastest growing economies in terms of GDP growth and per capita income growth. The nation is heading towards a double digit economic growth, an outstanding feat at the backdrop of feeble global growth. Bangladesh has also been the second largest exporter of apparel in the world and its export line-up also includes leather and leather goods, jute and jute products and chemical products; among a few others.

To boost the economy, the government is setting up more than 100 economic zones across the country besides taking initiatives to increase its power generation beyond a projected demand of 40,000 MW by 2030 and reach a target of 60,000 MW by 2041. Liquefied Natural Gas (LNG) will cover 100% of demand for gas as energy for industrial production. Spending in the colossal infrastructure, fueled by a Digital Bangladesh campaign, has actually resulted in the impressive growth of the economy. Construction work of mega

1 World Development Indicators database, World Bank, July 2021

projects such as Padma Bridge, Rooppur Nuclear Power Plant, Payra Sea Port, Matarbari Coal-fired Power Plant and Multipurpose Terminal, Elevated Expressway, Bangabandhu Sheikh Mujibur Rahman Tunnel, Metro Rail and LNG Terminals is going on in full swing to solidify the infrastructures. The Padma Bridge will connect the country's southern region to the Asian Highway and the Trans-Asian Railway.

Bangladesh has made remarkable headway against all odds to achieve human development in the past decade. Between 2012 and 2020, the country's position in the UNDP's Human Development Index (HDI) improved by six steps to 133th among 189 nations. Remarkable progress has been attained in health and education sectors. Rate of poverty has halved since the 1990s, gender parity has been achieved in male-female education ratio, child mortality rate has declined and access to immunisation and access to clean water have increased. As a global recognition to these successes, Bangladesh became eligible for graduation from Least Developed County (LDC) status. Every year, two million youth are coming to the job market when the country has the scope to draw demographic dividends. Two million people are elevating them into the middle-class rank with a higher purchasing capacity. Leaving its signature of success in the space, Bangladesh has launched the Bangabandhu Satellite-1 in the orbit and is now preparing to send the second one soon.

Bangladesh's efforts to maintain a steady growth and the government's keen interest in expanding regional, sub-regional and international corporation and strengthening economic ties with other trade and investment partners have drawn in global interest. Accordingly, China, India, Japan, and Korea are already in Bangladesh.

Steered by an in-depth vision, the country's bold leadership has made strive for turning Bangladesh into a developed nation by 2041. Thus, the country is heading towards the next level of business and cooperation with countries across Asia and the Pacific, the Middle East and the Central Asia, EU, North America, Latin America and Africa that are now engaging in a deeper and wider economic, social and cultural exchange with Bangladesh. Today's Bangladesh is a new nation with its people much more confident and committed to challenging the impossible; seeking to live and grow in continued peace and harmony. Bangladesh has celebrated 50 years of glory and pride; yet it's only the beginning!

BRIEF HISTORY

21 February 1952: The picture shows the militant student preparing to break Section 144

Human settlements in the greater Bengal region dates back to over 20,000 years since the Stone Age. Ancient Bengal was initially occupied by the Austro-Asiatic, Tibeto-Burman, Dravidian and Indo-Aryan people in successive waves of migration and main urban settlements were established during the Iron Age towards the middle of the first BCE millennium. Later in the 3rd and 2nd century BCE, Bengal was governed by the Mauryan Empire, eventually succeeded by the Gupta Empire in the 3rd century AD. The Pala Empire took over by the 7th century, which was seen as the biggest Bengali nation in the ancient history. The Hindu Sena Dynasty took power in the 11th century but soon was ousted by the invading Muslims in 1205 AD. Cruising through a history of thousands of years of ancient and medieval regimes, Bangladesh entered its modern era over the occupation of greater India by the British during the 18th and 19th century. Afterwards in 1947 the British Empire left India. Dividing it into two separate countries based on religion. As a result Bengal's western part joined the Hindu-dominated India and the eastern part became a province of the Muslim-dominated Pakistan.

However, the Bengalis, within a short while, clearly understood the utter discrimination they faced from the west wing of its sovereignties. Despite the economic and demographic significance of the east, Pakistan's government and military establishment were largely dominated by the upper classes from the west. The people of the eastern province revolted against the oppression and launched the Language

Movement in 1952 demanding recognition of their mother tongue Bangla as a state language. The pressure peaked on 21 February and sons of the soil laid down their lives for the cause of honour and dignity forcing the authority to accept it. However, dissatisfaction with the central government over political dispensation, economic exploitation and cultural conflict continued to rise through the next decade, when the Awami League emerged as the leading political voice of the people.

"The Bloody Birth of Bangladesh", cover of The Weekly Time Magazine, 20 December 1971

The Awami League then led the struggle with an iconic hero – Father of the Nation Bangabandhu Sheikh Mujibur Rahman – at its helm. The Bengalis created waves of agitation for autonomy in the 1960s, and in 1966, its president Sheikh Mujib was jailed in a conspiracy case. People took to the streets for the release of their leader and he was eventually freed in 1969 after an unprecedented popular uprising. In 1970, a massive cyclone devastated the coastal region of the province, but the central government responded poorly. The Bengali population's anger was further compounded when Father of the Nation Bangabandhu Sheikh Mujibur Rahman and his party won a momentous majority in Parliament in the 1970 election but was denied power. Events radically started taking shapes on both sides and on 7 March, Bangabandhu called upon the people to unite and prepare for a deciding war for the freedom and liberation of the nation. Counterfeiting a compromise talk with Father of the Nation Bangabandhu,

Bangabandhu Sheikh Mujibur Rahman called for the independence of Bangladesh in a mammoth gathering of his people at the Race-course Maidan (Suhrawardy Udyan), 7 March 1971

Pakistan's President Yahya Khan arrested him on the night of 25 March 1971, and launched Operation Searchlight, a sustained military assault on the Bengali people. The Awami League subsequently formed a government-in-exile in Kolkata, India. The Liberation War lasted for nine gruesome months. Yahya's methods were extremely brutal, and the violence of the war resulted in death of an estimated number of three million civilians. The guerrilla Mukti Bahini (force of freedom fighters) and Bengali regular military forces received support from the Indian Armed Forces in December 1971. Finally, Bangladesh won its victory and independence on 16 December, 1971.

ADMINISTRATIVE STRUCTURE

Bangladesh is divided into eight Divisions and 64 administrative Districts for running the administration. For the purpose of devolution of power through establishment of local government institutions, the country is further divided into Upazila (sub-district) and Union Council, the two lowest tier of the administration. The five tiers of government in Bangladesh begins with the central government at its headquarters in Dhaka followed by the eight divisions and 64 districts which are further divided into 490 sub-districts. The eight divisions are Barishal, Chattogram, Dhaka, Mymensingh, Khulna, Rajshahi, Rangpur and Sylhet. There are 12 city corporations comprising the eight divisional cities and two important district headquarters adjacent to the capital city of Dhaka. The city corporations, that have provision for mayoral elections, are Dhaka South, Dhaka North, Chattogram, Khulna, Sylhet, Rajshahi, Barishal, Rangpur, Cumilla, Mymensingh, Narayanganj and Gazipur. The city corporations are divided into wards. Direct elections are held for each ward, electing a councillor. The city mayors are elected for a tenure of five years. The metropolitan areas, excluding the cities with city corporations, have municipal corporations, also known as Pourasabha. Union Councils are the smallest units of the local government administration in rural Bangladesh. Dhaka, the capital of the country, is the most important and populated city while other major cities include Chattogram, Khulna, Rajshahi, Barishal and Sylhet.

GEOGRAPHY AND CLIMATE

Bangladesh is located in the low-lying Ganges Delta formed by the confluence of the Ganges (local name Padma), Brahmaputra (Jamuna), and Meghna rivers and their tributaries. The alluvial soil deposited by these rivers has created some of the most fertile plains on earth. Most parts of Bangladesh are less than 12 meters (39 ft) above the sea level.

Bangladesh enjoys generally a sub-tropical monsoon climate. While there are six seasons in a year, three —winter, summer and monsoon or rainy seasons — are the most prominent ones. The winter, which is quite pleasant, begins in November and ends in February. The maximum temperature recorded in the summer is 37°C (98°F). Monsoon starts in July and stays up to October. This period accounts for 80% of the total rainfall.

GOVERNMENT AND POLITICS

Bangladesh is a parliamentary democracy largely influenced by the British parliamentary system. Executive power is vested in the Cabinet headed by the Prime Minister, who is the head of the government, and who must be a member of the 300-seat Jatiya Sangsad (National Assembly), a unicameral parliament. The Government has three branches — the Executive, the Legislature and the Judiciary. The Speaker presides over sessions of the Jatiya Sangsad and conducts its business. The current Sangsad contains 350 seats, inclusive of 50 seats reserved for women. Three hundred Members of Parliament (MPs) are elected through direct voting in the general elections and female MPs are elected by the Jatiya Sangsad. The 11th National Parliamentary Election was held on 30 December 2018. Shirin Sharmin Chaudhury, who was elected Speaker during the 11th Jatiya Sangsad, is serving as the Speaker for the record third consecutive term in the country's history.

The Prime Minister selects all other Ministers forming the supreme decision-making committee, known as the Cabinet. The current Prime Minister is Sheikh Hasina, President of Bangladesh Awami League, who was appointed by the President on 7 January 2019 following her party's landslide victory securing 288 seats in parliament compared to just seven for the main opposition.

The Sundarbans has to endure tropical cyclones almost every year due to drastic climate change.

ENVIRONMENT & CLIMATE CHANGE

Environmental development is a major challenge for Bangladesh. The government of Bangladesh is working relentlessly to create a pollution-free and eco-friendly country by adopting and implementing various environment-friendly plans, policies and programmes. The government is implementing 'Vision 2021', setting environmental development as one of the most important goals. Already, Bangladesh has formulated a detailed work plan to ensure implementation of environmental targets of SDGs. 'Bangladesh Climate Change Strategy and Action Plan, 2009 (BCCSAP 2009)' is being implemented to address the effects of climate change where both adaptation and mitigation activities have been considered. 'Bangladesh Climate Change Trust Fund (BCCTF)' has been formed with national resources for implementation of BCCSAP 2009. In addition, the government has enacted 'Climate Change Trust Fund Act, 2010' and 'Climate Change Trust Fund Guidelines' for better management of BCCTF. The Ministry of Disaster Management and Relief is implementing various programmes in order to tackle eventualities emanating from natural disasters.

POVERTY ALLEVIATION & HUMAN RESOURCES

Bangladesh has achieved remarkable development in poverty alleviation during the last few years. Not only the rate of poverty has decreased, but also incidence and depth of poverty have been decreasing regularly. Because of effective implementation of different government and non-government development programmes, poverty rate has declined 19.5 percentage points within a decade (from 40% in 2005 to 20.5% in 2019). The 8th FYP has fixed the target to bring down poverty rate to 15.6 per cent and the extreme poverty rate to 7.4 percent by 2025. In order to bring efficiency and effectiveness of social safety net programmes, Bangladesh follows the life cycle approach of social safety net. For this purpose, Bangladesh has already formulated 'National Social Security Strategy (NSSS)'.

Human Resources

Two-thirds of our population is currently active. The government is implementing different types of development programmes to accumulate demographic dividend by utilising the huge number of working age people. The government has allocated around 27.4 per cent of the annual budget

for the human resources development (HRD)-related sectors. Various programmes including adoption of the 'Education Policy, 2010' have been undertaken to create skilled and competent human resources for the country. For this purpose, the government focuses on enhancing quality of education and increases accessibility to Secondary and Higher Secondary, Technical and all tiers of higher education.

Bangladesh has won 'UN South South Award' twice. Both fertility and mortality rates have come down. Remarkable progress has been made in reducing child and maternal mortality and in increasing average life expectancy. Malnutrition has also declined significantly. Apart from these, the government has formulated 'National Child Policy-2011' and 'Child Marriage Prevention Act-2017'. According to the Human Development Report 2020, Bangladesh's position has improved to 133rd, which was 138th in 2016.

Labour Force

Currently, a total of 67.22 million people comprise the country's labour force, which is around 41.20 per cent of the entire population, according to the World Bank collection of development indicators. It has shown that the rate of unemployment is 5.30 per cent (as of FY2020). Accordingly, the number of people engaged in jobs is 62.50 million, of whom 40 million are male and 22.50 million female.

BANGLADESH ECON

Over the past five decades, Bangladesh has transformed itself from being an economic "basket case" to one of the fastest growing economies in the world. Before the onset of the coronavirus pandemic, the economy was growing rapidly, recording an annual expansion in the range of 8% for years.

Bangladesh achieved lower middle-income country status in 2015 and is on track to leave the United Nations' Least Developed Countries list. With a GDP of over $305 billion (€259 billion), Bangladesh currently has the world's 41st largest economy and forecasts suggest that the size of the economy could double by 2030.

The garment industry emerged as one of the nation's success stories in recent decades. It is the second-largest globally, only next to China, and rakes in over $35 billion a year from exports. Remittances also play a major role in the economy, with Bangladeshi workers employed abroad transferring nearly $22 billion in 2020.

IOMY

The Asian Development Bank said that despite the hit from the pandemic, the Bangladeshi economy is recovering fast. Bangladesh also grows enough food now to feed its 167 million people. The country has a significantly reduced maternal and infant mortality rate than many other countries in the world.

However, for the past decade, the silver lining for Bangladesh has been its Gross Domestic Product (GDP) growth. While Bangladesh boasts development in infrastructure, exports and GDP per capita, the country still needs to address the lack of job opportunities for the youth, the low labour productivity and the growing inequality between the rich and the poor. Despite a decline in poverty, the pre-existing inequality trend in Bangladesh has been further exacerbated by the pandemic.

The International Monetary Fund (IMF) has scaled up its projection for Bangladesh's GDP growth to 5 per cent in 2021, from its previous forecast of 4.4 per cent in October last year, while ADB Asian

Development Outlook 2021 said Bangladesh's GDP expected to grow by 6.8% in 2021 and 7.2% in 2022. According to the proposed Budget, for FY21 the GDP growth rate has been revised to 6.1 percent, which was originally estimated to be 8.2 percent set target 7.2 percent GDP growth for FY22.

Immediately after assuming office in 2009, the government had taken initiatives to graduate Bangladesh to a middle income country by 2021. For this purpose 'Vision 2021' was formulated. The decision has given Bangladesh a new identity in the world. In fact, in 2015, Bangladesh became a Lower Middle-Income Country from the Low-Income category.

In 2018, Bangladesh also attained all three criteria, set by the United Nations (UN), to be eligible for graduating to a 'Developing Country' from the Least Developed Country (LDC) category. The country is now fully on track to be graduated from the LDC status by 2026. Moreover, it is expected that the country will turn into a developed nation by the year 2041.

According to the 'Household Income and Expenditure Survey, 2016' poverty rate dropped to 24.3 per cent, from 40 per cent in 2005. In the 8th Five-Year Plan (2021-2025), target has also been fixed to reduce national poverty rate to 15.6 per cent by 2025.

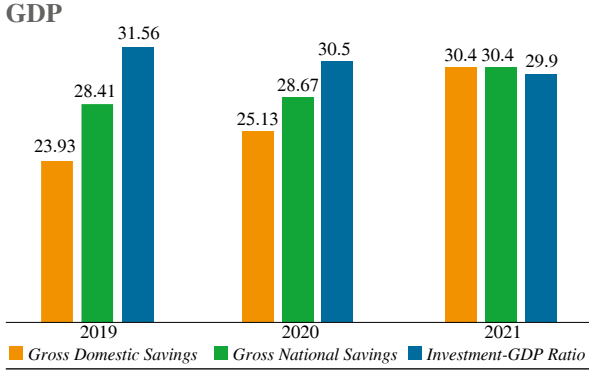

Bangladesh has further achieved a significant progress in human resources development, private sector growth and addressing environmental and climate change issues. At present, the enrolment rate at the primary level is 97.97 per cent. Mother and child mortality rates have also been reduced gradually. Average life expectancy has reached 72.8 years.

To attract much required foreign investment and encourage more private investment, the government has already established Bangladesh Investment Development Authority (BIDA). It has also attached the highest importance to addressing the impact of climate change. Bangladesh is a pioneer nation among the developing countries in creating 'Climate Change Trust Fund' on its own financing. Various projects and programmes are being implemented under this Trust Fund.

GROSS DOMESTIC PRODUCT (GDP)

The Bangladesh economy has maintained sustainable growth and achieved a growth of more than 6 per cent on an average during the last decade. According to the provisional estimate of Bangladesh Bank, the GDP growth stood at 6.10 per cent in FY2020-21, which was 5.24 per cent in FY2019-20. Disbursement of agricultural credit and non-farm rural credit increased by 12.12 per cent and 12.23 per cent respectively in FY21 compared to that of FY20. Broad money (M2) recorded an increase of $15.88 billion or 13.60 per cent at the end of June 2021, while domestic credit recorded an increase of $11.17 billion or 10.05 per cent.

Reserve money recorded an increase of $5.40 billion or 22.35 per cent at the end of June 2021 compared to end of June 2020. On the other hand, private sector credit growth stood at 8.35 per cent (y-o-y) in June of FY2021, which was lower than that of 8.61 per cent (y-o-y) growth of the same month of the previous year.

Agriculture

Over the last few years, there has been an increasing trend in food production. According to the Bangladesh Bureau of Statistics (BBS), in FY20, grain output stood at around 411.87 lakh metric tonnes. In the same fiscal year, the total internal procurement of food-grains was 24.2 lakh tonnes, total import of food-grains through public and private sectors was 58.4 lakh tonnes. Agriculture sector contributed

about 13.02 percent to the country`s Gross Domestic Product (GDP) during FY 2019-20 and employs around 47 percent of total labor force.

Industry

As in the recent past, the industry sector performance was mostly driven by manufacturing activities, supported by both domestic and external demand. In FY2020, the contribution of the manufacturing sector in GDP is estimated at 24.18 per cent which was 24.21 per cent in FY19 and 22.85 per cent in FY18. The government is persistently taking comprehensive measures for developing and flourishing all industrial sectors of the country.

Service

Sectoral share of GDP shows that the service sector appeared to be the largest share followed by industry and agriculture sector. The service sector, comprising more than half of Gross Value Addition (GVA), registered a modest growth of 5.32% in FY19-20. Within the sector, larger growth impulse primarily came from the wholesale and retail trade, transport, and financial intermediation. The sub-sectors viz. wholesale and retail trade, transport, and financial intermediation grew by 5.02%, 6.19%, and 4.46% respectively in FY19-20.

BALANCE OF PAYMENTS

The current account deficit came down to $1.85 billion in July-May period of FY2020-21 against US$4.43 billion deficit in FY20. The current account deficit was mainly the outcome of a huge deficit in services and trade balance. Trade gap stood at $9.79 billion in FY2020, which was $15.49 billion in FY19. Provisional estimate of the Bangladesh Bank showed that the financial account recorded a surplus of $3.3 billion in FY2020, which was $5.62 billion in FY19. The capital account surplus stood at $309 million in FY2020 from $233 million in FY19. During the same period, the overall balance registered a marginal surplus of $713 million (FY19) compared to a deficit of $857 million in FY18. Workers' remittances increased by around 18.4 per cent in FY2020.

External Trade

External trade plays a critical role in driving the Bangladesh economy ahead of many countries. The country is widely integrated with the rest of the world mainly through trade in goods and services. Its trade-GDP ratio stood around 31.0 per cent in 2020.

Exports

Total exports in FY21 stood at US$ 38.75 billion. Growth in export and import in FY2019-20 was negative due to the ongoing Covid 19 pandemic. However, remittance inflows grew by 10.87 percent, reducing the current account deficit compared to the previous fiscal year. At the same time, the increase in capital and financial account inflows has led to a surplus in the overall balance of payments. As a result, the foreign exchange reserves have increased significantly. As of July 2021, foreign exchange reserve stood at US$ 45.84 billion, the highest ever.

Readymade garments (woven garments and knitwear products) continued to occupy the lion's share (above four-fifths) of the total exports.

Imports

Imports stood at USD 65.59 billion from USD 54.78 billion in FY20. Half of the total import has been intermediate goods while around 23.92% were capital goods.

FINANCIAL SECTOR

Banks

The banking sector in Bangladesh comprises four categories of scheduled banks: state-owned commercial banks (SCBs), state-owned development financial institutions (DFIs), private commercial banks (PCBs) and foreign commercial banks (FCBs). At the end of the period under study the total number of reported bank branches excluding Head Offices, Islamic Windows and SME service centers stood at 10765, which contains only 67 branches of foreign banks.

Islamic Banking

Islamic banking system was introduced in Bangladesh in 1983. Currently, out of 61 banks in Bangladesh, 11 PCBs operated as full-fledged Islamic banks and 17 conventional banks (including three FCBs) were involved in Islamic banking through Islamic banking branches. In addition, 19 Islamic banking branches of nine conventional commercial banks and 155 Islamic banking windows of 12 conventional commercial banks are also providing Islamic financial services in the country, as per the central bank data. Islamic banking is around one-fourth of the country's overall banking activities.

NBFIs

Non-Banking Financial Institutions (NBFIs), have been playing a crucial role by providing additional financial services that is not usually provided by the banks. Presently there are 34 NBFIs operating in Bangladesh. Among these, 3 are government owned, 12 are joint ventures with foreign participation, and the rest 19 are locally private owned companies. The branch network of NBFIs increased to 262. Among the branches, 92 are set up in the district of Dhaka and the rest 170 are located in 34 districts across the country.

INSURANCE

Insurance sector in Bangladesh emerged after independence with two nationalised insurance companies – one for life insurance & one for general insurance; and also one foreign insurance company. In the mid-1980s, private sector insurance companies started entering the industry and it has eventually expanded. Now, a total of 62 companies are operating under Insurance Act 2010. Out of them-

- Thirty two are Life Insurance Companies including one foreign company and one is state-owned company,
- Forty six are General Insurance Companies including one state-owned company.

CAPITAL MARKET

Establishment of Dhaka Stock Exchange after independence (formerly East Pakistan Stock Exchange) initiated the pathway to the capital market intermediaries in Bangladesh. In 1976, formation of Investment Corporation of Bangladesh (ICB) opened the door of professional portfolio management in an institutional form. In the last two decades, the capital market witnessed a number of institutional and regulatory advancements which has resulted in diversified capital market intermediaries. At present, capital market intermediaries are of following types:

1. Stock Exchanges: Apart from Dhaka Stock Exchange, there is another stock exchange in Bangladesh that is Chittagong Stock Exchange, which was established in 1995.
2. Central Depository: The only depository system for the transaction and settlement of financial securities, Central Depository Bangladesh Ltd (CDBL) was formed in 2000 that conducts its operations under Depositories Act 1999, Depositories Regulations 2000, Depository (User) Regulations 2003, and the CDBL by-laws.
3. Stock Dealer/Stock Broker: Under SEC (Stock Dealer, Stock Broker & Authorized Representative) Rules 2000, these entities are licensed and they are bound to be a member of any of the two stock exchanges. At present, the DSE and the CSE have 238 and 136 members respectively.
4. Merchant Banker & Portfolio Manager: These institutions are licensed to operate under SEC (Merchant Banker & Portfolio Manager Rules) 1996 and 45 institutions have been licensed by the SEC under this rule so far.
5. Asset Management Companies (AMCs): AMCs are authorized to act as issue and portfolio manager of the mutual funds which are issued under the SEC (Mutual Fund) Rules 2001. There are 15 AMCs in Bangladesh at present.
6. Credit Rating Companies (CRCs): CRCs in Bangladesh are licensed under Credit Rating Companies Rules, 1996 and now, five CRCs have been accredited by the SEC.
7. Trustees/Custodians: According to rules, all asset backed securitisations and mutual funds must have an accredited trustee and security custodian. For that purpose, the SEC has licensed 9 institutions as Trustees and 9 institutions as custodians.
8. Investment Corporation of Bangladesh (ICB): The ICB is a specialised capital market intermediary which was established in 1976 through the ordainment of The Investment Corporation of Bangladesh Ordinance 1976. This ordinance has empowered the ICB to perform all types of capital market intermediation that fall under the jurisdiction of the SEC.

MEGA PROJECTS

Despite the COVID-19 pandemic, Bangladesh's projected GDP growth is 5.0% by the end of 2021, one of the highest in Asia, according to IMF. Of the 190 IMF member countries, only 23 have posted positive growth.

A record inflow of remittance, stable food production, strong domestic demand, timely roll out of government stimulus package, early reopening of economy, and the uptick in exports put Bangladesh on the path of faster recovery. Bangladesh’s resilience to absorb shock has been a subject of attention for economists around the world.

As Bangladesh strives forward, infrastructure will play a crucial role in stimulating and crowding-in private sector investment. By some estimate, Bangladesh will require to make investments of well over $100 billion in the course of the next decade to build ports and roads, set up rail lines, establish power-generation capabilities, and provide utilities and services to meet the ever-increasing demands of the economy.

Infrastructure-megaprojects are crucial drivers for accelerating economic growth in a developing country like Bangladesh where average GDP growth in the last twelve years (2009-2020) is 6.2% per annum.

The government has been making significant allocations to raise the competitive strength of the economy and cater to the growing needs of manufacturers, exporters, and consumers to reduce the cost of doing business. After the completion of the large infrastructural undertakings and mega projects taken up by government, various studies show that the country’s GDP will increase by 3 to 4 percent.

The Mighty Padma Road and Rail Bridge

Padma Multipurpose Bridge

A self-funded project of Bangladesh government and the dream of the people of 21 southern districts to get connected to the capital city Dhaka by road is worth $3.65 billion and the 6.1 km double-deck bridge is expected to be open for traffic by 2022. As of January 2021, around 92% of the construction of the Padma Multipurpose Bridge has been completed. The bridge will have road and rail linkages in two separate decks. The Rail Link through Padma Bridge, expected to be completed by June 2024. The estimated cost of the Rail Link Project is US$ 4.63 billion, of which 85% will be provided by Government of The People's Republic of China through EXIM Bank of China under an agreement. China Major Bridge Engineering Company Ltd, has been selected to construct the long aspired bridge on the river Padma. It is expected that the construction of the bridge will comprehensively transform the pace of economy in the region improving lives of millions people on the both sides of the river.

Matarbari Deep Sea Port

Bangladesh exports goods worth nearly $40bn and imports goods worth nearly $60bn, majority of which are carried through seaways. Presently, the country's two seaports– Chittagong and Mongla—have up to 9.5-metre draft where vessels holding up to 2,000 teu containers can anchor. Bangladesh planned to develop its first deep-sea port as part of a public-private partnership with Japan. Matarbari deep seaport will have a 16-metre water draft and will be able to accommodate 8,000 teu post-Panamax vessels, lessening Bangladesh's dependence on the feeder vessels to ferry export-import goods from the hub ports in Singapore, Colombo and Port Klang. Matarbari deep sea port will be made functional by the year 2025.

First Deep Sea Port of Public-Private Partnership (PPP) at Matarbari

Payra Deep Sea Port

The construction work of Payra Deep Sea Port has been continuing rapidly since 2016. Payra will have rail, road, and waterway links with the capital of Dhaka, around which most of the country's garment industry is based and which by extension is the primary destination for imports and origin point for exports. The total cost of the port is estimated to be 11- 15 billion USD. Once deep-sea port is built, the neighboring India, Nepal and Bhutan can make use of this port while it facilitates the domestic economy with faster export and import activities. The port will be fully operational by 2023.

Dhaka Metro Rail Project

First Trial Run of Dhaka Metro Rail on 29 August

It is a part of the 20-year long Strategic Transport Plan (STP) outlined by the Dhaka Transport Coordination Authority (DTCA), a governmental agency. With an aim to provide a safe, fast, affordable and modern means of transportation for the city dweller, the project will have total 8 lanes connecting different parts of Dhaka City. Presently, 20.1 kilometres long Line 6, costing $2.8 billion is under construction. Each train will hold up to 1800 passengers. With 56 trains to be in service by 2022, Dhaka Metro is projected to serve more than 60,000 passengers per hour, with wait times of approximately 4 minutes. The entire route will be able to be travelled in less than 40 minutes at a speed of 100 km/h (62 mph). The project is expected to be completed by 2022.

Dhaka Elevated Expressway

Dhaka Elevated Expressway is Bangladesh's first elevated expressway project. It is one of the largest infrastructure projects taken up by the incumbent government to ease traffic congestion in the capital. It will be 46.73 km long including the connecting roads and will cost around US$1.4 billion. The Italian-Thai Development Corporation Limited has entered a $1.062 billion contract with China Railway Construction Corporation (CRCC) for building the Dhaka Elevated Expressway. It is expected that the project might be completed by 2022.

Bangabandhu Sheikh Mujibur Rahman Tunnel

Bangabandhu Sheikh Mujibur Rahman Tunnel: First of its kind in Bangladesh and South Asia

The Bangabandhu Sheikh Mujibur Rahman Underwater Tunnel was worth $2.49 billion in 2016. The boring work beneath the tunnel has been inaugurated in February 2019. The 3.5km-long four-lane tunnel, the first of its kind in Bangladesh and the region, will be built to make the port city of Chittagong "One City Two Towns," based on a model of East and West Shanghai in China. The construction of the tunnel is expected to be completed by December 2022 and will bolster industrial development, enhance tourism, and expand trade and commerce near the project area, creating employment for thousands of people and boosting exports, fetching positive impact for the economy of the country.

Rooppur Nuclear Power Plant

The 2400 MW Rooppur Nuclear Power Plant is the biggest single project in the history of Bangladesh. It will be the country's first nuclear power plant and the commissioning of unit 1 is planned in 2022 while the commissioning of Unit 2 is planned in 2023. The VVER- 1200/523 Nuclear reactor and critical infrastructure are being built by the Russian Rosatom State Atomic Energy Corporation. The project will provide low-cost electricity and create new jobs in Bangladesh. The power production in Bangladesh currently exceeds 4GW a year. The new plant will increase the country's power production and enable it to achieve energy independence.

Other Prospective Mega Projects

Dhaka-Chittagong Express Way (rail or road), Circular Road around Dhaka City, Construction of Hazrat Shahjalal (R) International Airport Terminal 3 in the centre of Bangladesh, Bangabandhu Sheikh Mujib Railway Bridge, Dhaka Underground Train/ Tube Rail and Construction of second

bridge on river Padma are a few of the other prospective mega projects that are in the offing in Bangladesh and for which opportunities exist for direct foreign investment. Bangladesh's development story, especially implementation of the on-going and future mega projects, has earned it the reputation in the region as a hot spot for global investment. The role of these mega infrastructure projects is expected to be fundamental in the overall national development process as they will contribute positively in employment generation, connectivity, regional trade, economic integration as well as energy security of the country. With the completion of the mega-projects the government envisages the economy to grow at a faster pace, which in turn will foster long-term sustainable development.

Design of under construction Terminal-3 at Hazrat Shahjalal International Airport, Dhaka

PHYSICAL INFRASTRUCTURE

Transport and Communications

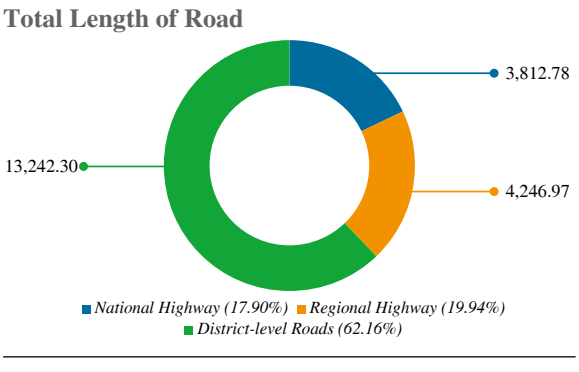

Programmes are being implemented on priority basis to develop a well-knit and efficient transport and communication system that would synchronise with international and regional transport, information and other communications networks. Major projects such as Padma Bridge, Metrorail, and Dhaka Elevated Express Way are being implemented. To sustain the role of rail as a dependable, affordable, environment-friendly and compatible mass transport system, a wide range of development activities are being carried out. A number of programmes are also being implemented for dredging dying rivers, improving navigability and maintenance of different river routes, and ensuring safe movement of water crafts. Development of inland river ports and establishment of infrastructure facilities to carry container goods in inland waterways are also going on.

Roads and Highways

The total length of road in the country is 21,302.08 kilometres, of which 18,202.06 km is paved, under the management of Roads and Highways Department (RHD). Out of the total road network under this department, a total of 3,812.78 km is National Highway (17.90%), 4,246.97 km Regional Highway (19.94%) and remaining 13,242.30 km is Zila (district-level) roads (62.16%). In addition, RHD has 4,404 bridges and 14,814 culverts under its jurisdiction. Moreover, the RHD has currently been operating about 96 ferry boats in 41 ferry Ghats (terminals). Quality of different segments of important roads has significantly improved after development/improvement works of various standards were carried out as per requirement.

Dhaka Chattogram Highways

Rail Network

Bangladesh Railway is the state-owned rail transport agency of Bangladesh and has a total length of 2,855 route km. The sector is governed by the Ministry of Railways and the Bangladesh Railway Authority.

During 2017-18, Bangladesh Railway carried 90.05 million passengers and 4.55 million tonnes of freight. The railway traversed 12,994.21 million passenger-kilometres and 1,236.85 million tonne-kilometres during the period. In its eighth five-year plan, which covers the 2020-2025 period—the authority targets

to construct 798 km new rail line, implement dual gauge double tracking of 897 km to increase line capacity, to construct 9 important railway bridges and to procure 160 locomotives to enhance efficiency, reliability and punctuality.

The government is currently implementing the Bangladesh Railway Sector Improvement Program, which aims to improve capacity, efficiency and safety of railway systems throughout the country. The program will enable Bangladesh Railway to buy modern rolling stock to increase its domestic and regional freight cargo transportation capacity. Besides, the government has taken initiatives to reopen the train links between India and Bangladesh that were closed after the 1965 India-Pakistan war.

Water Transport

The Ministry of Shipping has taken up the tasks for development of internal water transport infrastructures, and improving its maintenance, operation and control, to ensure maximum use of waterways as efficient, environment-friendly and secure routes of transport and communication.

Air Transport

Bangladesh can be reached by air from any part of the world. Biman Bangladesh Airlines connects Dhaka with 27 major cities of the world. Thirteen major international airlines operate flights and cargo services from Dhaka. The government has allowed local private airlines to compete on both domestic and international routes. A number of local private cargo flights and helicopter services are also available. Biman Bangladesh Airlines Limited is operating international and national flights in different routes with limited resources. Currently, there are 11 airports in operation in Bangladesh. These are Dhaka, Barishal, Chattogram, Cumilla, Cox's Bazar, Ishwardi, Jashore, Rajshahi, Syedpur, Sylhet and Thakurgaon. Of these, the airports in Dhaka, Chattogram and Sylhet serve international routes. In 2019, Biman has carried 59.59 lakh passengers and 86 million tonnes of cargo.

In order to attract foreign tourists to Cox's Bazar, having the longest sea beach in the world, the government has undertaken a mega project to extend the runway of Cox's Bazar Airport by reclaiming land from the sea. On completion of the new 10,700 ft. runway, the airport will facilitate operation of international flights with bigger aircraft.

Design of Extended Runway of Cox's Bazar Airport

PORT SERVICES

Chattogram Port Authority (CPA)

Responsible for the country's principal sea port, Chattogram Port Authority handles nearly 92 per cent of international trade of Bangladesh through sea route. Port activities are increasing day by day with the rising trend of export-import of the country. At present, the container handling growth of CPA is 14 per cent. In view of the enormous importance of Chattogram Port in the entire economy of the country, the present government has taken massive development programmes to instill more dynamism in the operating activities of the Port. To maintain navigability in front of jetty pontoon, outer barge area and

at Karnaphuly navigational channel, around 1.0 million cubic meter maintenance dredging are being performed on average a year. As a result, foreign and domestic ships can navigate safely.

Chattogram Port has already attained certain reputation in the world shipping sector. In the survey of one of the oldest shipping related international news magazines 'Lloyd's List', Chattogram Port secured 58th position in the year 2020 while in the last survey in 2017 the Port achieved 71st position, toppling 13 steps in just three years.

Mongla Port Authority (MPA)

Mongla Port was established on 1 December 1950 as an anchorage. It has been transformed into a seaport with modern facilities gradually by implementing different development projects. Today, Mongla Port has the capacity of berthing 35 ships at a time by using six own Jetties, six Mooring Buoys, sixteen anchorages and seven private companies' Jetties.

To expedite the operational activities and develop the port infrastructure, the government has taken different types of initiatives such as construction of Padma Bridge at Mawa point, establishment of the Khulna-Mongla railway link, supply of gas through pipeline, construction of Khan Jahan Ali airport, establishment of 1,320 MW coal-based power plant at Rampal, and Special Economic Zone at Mongla Port area.

Payra Port Authority (PPA)

Payra Port was inaugurated on 19 November 2013, as third Sea-port of Bangladesh. For hassle-free inland vessels movement, mooring buoys have been laid to earmark navigational channel. In addition, a VHF Bade station has also been installed with telecommunication equipment. The customs and shipping facilities have been established as well.

POWER AND ENERGY

At present, 99.5 per cent people of the country are under electricity coverage. During the 2019-20 fiscal year, the total installed electricity generation capacity stood at 25,235 MW, of which the highest generation was 13,792 MW. In 2018-19, the net electricity production (including renewable energy) was 70,533 million kWh that increased to 71,419 million kWh in 2019-20. The total system loss in transmission and distribution of electricity reduced to 8.49 per cent in June 2020 from 8.73 per cent in 2018-19.

About 71.8 per cent of the country's commercial consumption of energy is met by natural gas. A total of 28 gas fields have been discovered till August 2021, from which about 15.70 trillion cubic feet of gas has been produced, cumulatively leaving recoverable net at 12.11 trillion cubic feet. In addition, the country has a reserve of about 13.21 MT of fuel oil. In order to secure energy supply of the country in the long term, the highest emphasis is given on the diversification of energy sources, particularly on the efficient and best use of energy.

People Under Electricity Coverage **99.5%**

Electricity Generation Capacity in 2020-2021 **25,235MW**

Net Electricity Production

2018-19	2019-20
70,533	72,480

System Loss

2018-19	2020-21
8.73%	8.49%

Renewable Energy

The government has planned to produce electricity by using coal, dual fuel and nuclear power to reduce dependence on natural gas. The government has also taken different steps to produce environment-friendly electricity from renewable energy. After formulation of renewable energy policy, it has been

implemented since 2009. The government has established Sustainable and Renewable Energy Development Authority (SREDA) in 2014 under Sustainable and Renewable Energy Development Authority Act, 2012 to facilitate sustainable energy i.e. renewable energy as well as energy efficiency.

Natural Gas Reserves

Natural gas accounts for 71 % of the commercial energy of the country. Till now 28 gas fields have been discovered in Bangladesh. According to the latest estimate, total initial gas in place (GIIP) is 40.09 trillion cubic feet (Tcf), of which 30.05 Tcf is recoverable in proven and probable categories. Till February 2021, a total of 18.38 Tcf gas has been produced, leaving 11 Tcf as net recoverable.

Mineral Resources

The Bureau of Mineral Development (BMD) issues exploration license and grants mining lease and quarry lease for different minerals such as coal, hard rock, peat, mineral sand, metallic minerals, white clay, silica sand, ordinary/sand mixed stone, limestone, and clay.

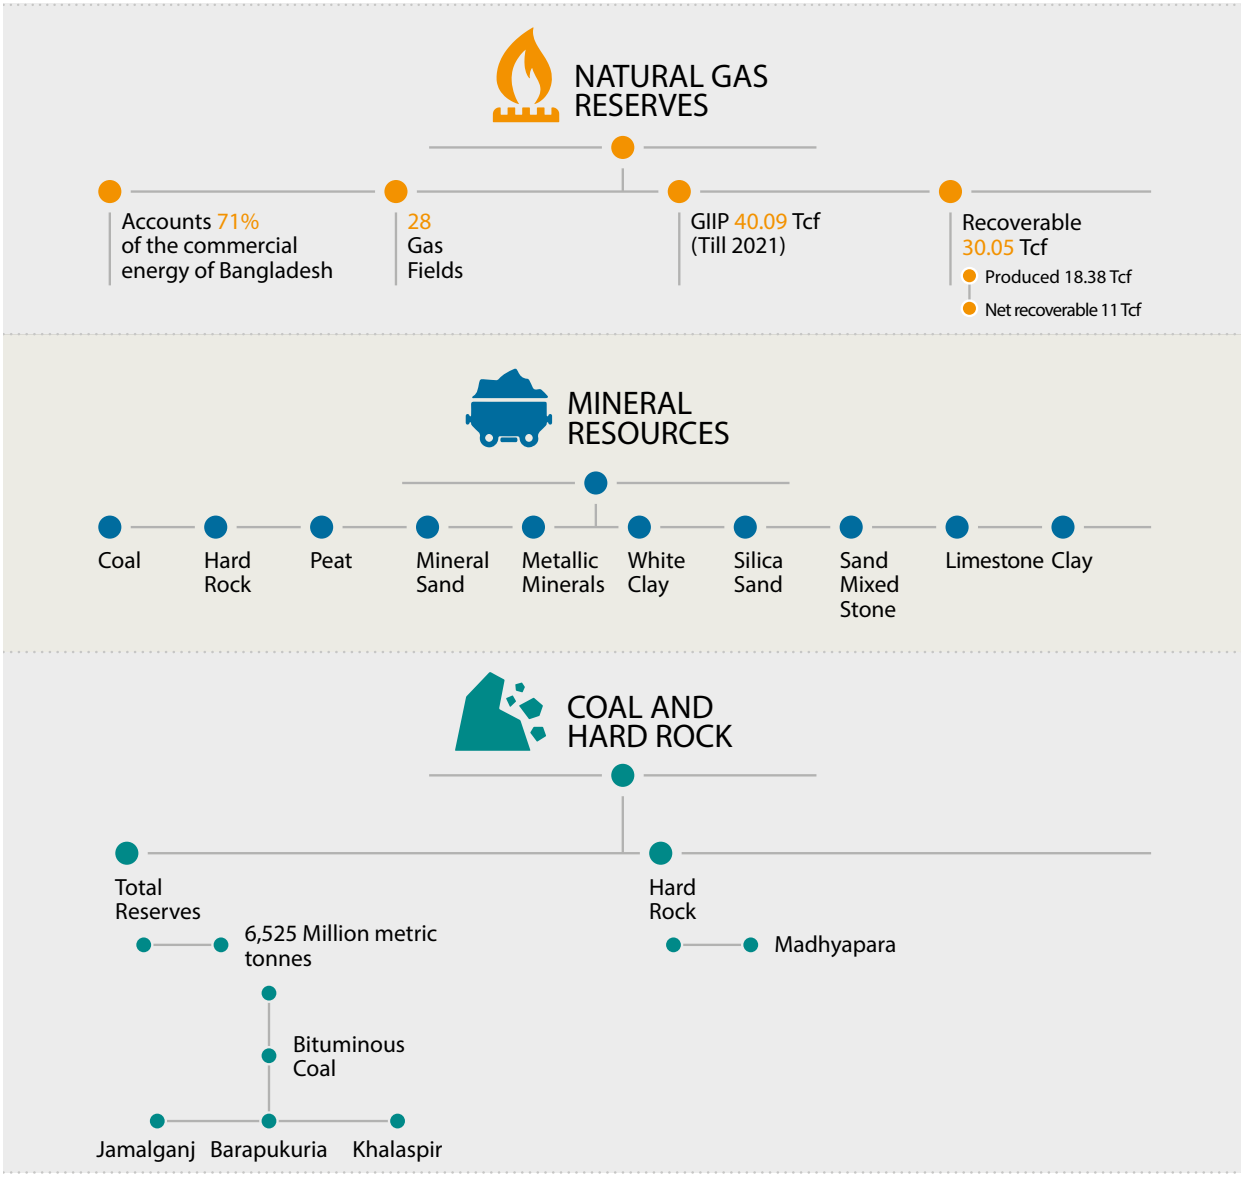

Coal and Hard Rock

It was assumed that the geological setting of Bangladesh was more suitable for hydrocarbon accumulation than any other minerals, as major parts of the country are covered by thick alluvium. Now, it has been proved by geological and geophysical exploration that Bangladesh has huge deposits of coal and hard rock in north-western region. Total reserves of about 6,525 million metric tonnes of high-quality bituminous coal have been reported from three coal fields– Jamalganj, Barapukuria, and Khalaspir and a huge reserve of hard rock from Madhyapara.

Liquid Natural Gas (LNG)

In order to meet demand-supply gap and future growth of energy, the government has taken steps to import LNG. According to the decision of the government, the Bangladesh Oil and Gas Corporation, commonly known as Petrobangla, has signed two separate agreements with Excelerate Energy Bangladesh Limited (EEBL) and Summit LNG Terminal Co. (Pvt.) Ltd. for installation of two Floating Storage and Regasification Units (FSRU) in Moheshkhali island.

INFORMATION AND COMMUNICATIONS TECHNOLOGY (ICT)

For building Digital Bangladesh with a view to implementing vision 2021, Information and Communication Technology (ICT) Division is working ceaselessly. The government is working with the aim to make 5.0 billion dollars of export earnings from the ICT sector by 2021 under the 7th Five-Year Plan.

To modernise and improve the information and communications technology sector in conformity with Sustainable Development Goals (SDGs) and the 7FYP, a wide range of initiatives have been undertaken. Bangladesh launched its first satellite 'Bangabandhu Satellite-1' to the space successfully on 12 May 2018. The government also provides public service through IT-based activities. The ultimate target is to build a modern and developed Bangladesh through introduction of e-governance and e-commerce.

E-Governance: To eradicate the impediment related to interoperability among platforms, integrating ICT infrastructures, removing existing complexity of ICT superstructures, introducing IT solution in the field of outsourcing, reducing overall risk of new investment in the IT/ITES section, Bangladesh Computer Council (BCC) has taken an endeavour to develop Bangladesh National Enterprise Architecture (BNEA). A project named 'Implementation of e-Government Master Plan for Digital Bangladesh' is being implemented by the BCC for building ICT roadmap for all ministries and divisions.

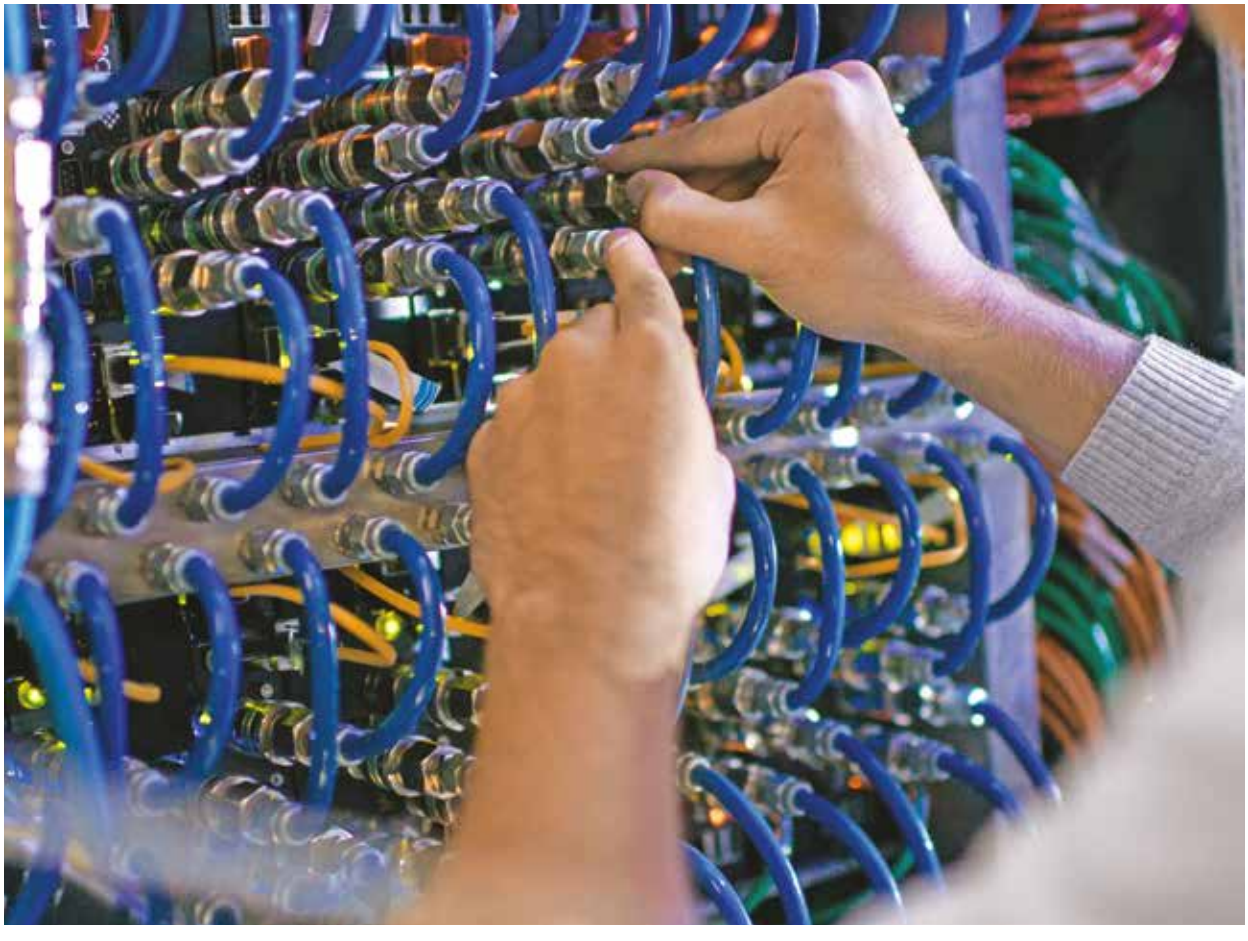

Information and Communications Technology (ICT) Sector

- More than 800 IT companies are now thriving in the country and capturing a significant share in the markets worldwide.
- Total estimated IT Industry size is US$120 million (including export).
- Software contributes around 39% to the overall industry revenue, whereas ITES contributes around 56% to the overall industry revenue.
- Approximately 30,000 professionals, majority IT and other graduates, are employed in the industry. In terms of creating high-quality employment software and IT services, the industry is surely one of the top graduate employment sectors in the country.
- Total investment in this sector is more than Tk 500 billion and this sector is the largest contributor to foreign direct investment (FDI) in Bangladesh.

US$ 120 Million Industry

Software contributes 39% to the overall industry

Total investment in ICT sector Tk. 500 Billion

ECONOMIC POLI

INDUSTRIAL POLICY

In order to accelerate the pace of industrialisation in the country, the government is going to announce the 'National Industrial Policy-2021' very soon. Underlying objectives of the government's last 'Industrial Policy-2016' include sustainable and inclusive industrial growth through generation of productive employment creating new entrepreneurs, and mainstreaming women in the industrialisation process and international market linkage. The export processing zones (EPZs) are playing special role in the process of promoting rapid industrialisation and attracting foreign direct investment (FDI). The 8th Five-Year Plan (8FYP) and 'The Second Perspective Plan of Bangladesh 2021-2041: Making Vision 2041 A Reality' pledge as basic documents for the National Industrial Policy 2016 to build a potential industrial sector with the aim of reducing unemployment, hunger and poverty. Indications of these documents have been followed to undertake short, medium and long-term programmes to accelerate sustainable and inclusive economic growth.

Cottage, Micro, Small and Medium Enterprises (CMSMEs)

Cottage, Micro, Small and Medium Enterprises (CMSMEs) are considered as a potential sector to resolve the unemployment problem. This sector has been playing a significant role in achieving economic growth and earning foreign currency by encouraging and expanding business activities. Banks and Non-Banking Financial Institutions (NBFIs) have come forward for financing and development of the SME sector under close monitoring and supervision of the Bangladesh Bank.

TRADE POLICY

Tariff remains one of the main trade policy instruments and a significant source of tax revenue in Bangladesh. Over 95 per cent of tariff lines are ad valorem, and therefore transparent. The tariffs involve 16 different rates (6 ad valorem duties, and 10 specific duties). The simple average applied MFN tariff

rate is 13.52 per cent in FY2020. Tariff protection varies across and within sectors, averaging 20 per cent for agricultural products and 5 per cent for non-agricultural products in FY2020.

The country has undertaken several trade facilitation initiatives in the context of its Customs Modernisation Strategic Action Plan (2019-2022), and implemented commitments made under the Trade Facilitation Agreement (TFA) and the WCO Revised Kyoto Convention. These initiatives also included regulatory developments, migration to the most recent generation of ASYCUDA World, and a regulation on introduction of an Authorized Economic Operator scheme. The transaction value method remains in general use, and pre-set customs value or minimum value continue to apply for numerous items.

Trade Agreements

Bangladesh is a member of several regional and sub-regional trade agreements (RTAs). The regional agreements include Preferential Trade Agreements (PTA) and Free Trade Agreements (FTA).

Bangladesh is a party to the following PTAs:

(i) Asia-Pacific Trade Agreement (APTA)

(ii) Trade Preferential System among OIC Countries (TPS-OIC)

(iii) Preferential Trade Agreement among D-8 Member States (D-8)

(iv) Preferential Trade Agreement between Bangladesh and Iran

(v) Agreement on SAARC Preferential Trading arrangement (SAPTA)

Bangladesh is a party to the following FTAs

(i) South Asian Free Trade Area (SAFTA)

(ii) Bay of Bengal Initiative for Multi-Sectoral Technical and Economic Cooperation (BIMSTEC)

Among the FTAs mentioned above, SAFTA is operational and BIMSTEC negotiation is going on. The country is currently negotiating a number of Bilateral FTAs and PTAs with a number of trade partners.

Export Policy

A three-year export policy (2018-2021) becomes effective with a focus on updating and liberalising the trade regime in keeping with global perspectives and needs. It also stresses on tapping opportunities as well as addressing the challenges emanating from multilateral trade regime under the World Trade Organization (WTO) framework; sub-regional connectivity of the four countries (Bangladesh-India-Nepal-Bhutan); China's One Belt One Road initiative; Brexit outcome.

The export policy fixes a target to raise the country's merchandise export earnings to $60 billion by 2021 to increase exports, expand markets and diversify products, and improve balance of trade rationally with the trading partners in the light of 8th Five-Year Plan (8FYP), the Perspective Plan and Vision-2041.

To achieve the objectives, the export policy has outlined 31-point implementation strategy which includes pursuing economic diplomacy, introducing national single window, emphasising product branding and diversification and reducing the cost of doing business.

Export Development Fund (EDF)

The EDF commenced its operation in 1989 with participation of International Development Association (IDA) and the Government of Bangladesh (GoB). Its initial fund was $30.16 million, which was meant for providing foreign exchange refinancing facilities to boost the export sector. As the country's export posted a significant growth, the volume of the EDF fund was enhanced by the Bangladesh Bank from time to time. In March 2021, the fund was raised to $5.5 billion from $3.50 billion in April 2020 to meet the growing demand of the exporters. The EDF refinancing covers sectors such as textile, garments, accessories/packaging materials, plastic goods, leather goods and footwear, ceramic wares, dyed yarn, agro-food processing and bicycle.

Import Policy Order

The new import policy for 2018-21 in parallel to the export policy for 2018-21 is yet to be finalised. The Import Policy Order (2015-18) puts emphasis on imported raw materials for export-oriented industries. It will now be easier to import such materials. Country of origin must be mentioned on all products, product packaging or containers. However for importing coal, cotton, aluminum raw materials and export-oriented garment and industrial raw materials, country of origin is not required. Nuclear radiation test is mandatory for imported milk, dairy, edible oil, vegetable seeds and cereal products (food products) etc. Such certification should also be submitted to the Customs authorities.

Non-commercial importers (individuals and organizations) may import goods worth $7,000 for their own use. With the permission of the Controller, non-commercial importers may import more than $7,000 worth of goods. According to the new policy, ocean-going ships, oil tankers and fishing trawlers cannot be imported if it is 25-years-old.

For importing abandoned ship (scrap vessels), the exporter or owner must have a certification and the importer must issue a declaration to the effect that 'toxic or hazardous wastes are not being transported'.

Trade Portal

The Bangladesh Trade Portal [www.bangladeshtradeportal.gov.bd] is a virtual one-stop point for information relating to exports from and imports into Bangladesh. Hosted by the Ministry of Commerce, the portal provides an accessible, logical, helpful window for traders to access important regulatory and procedural information needed to export and import.

INVESTMENT POLICY

Bangladesh doesn't have any separate investment policy or there is no investment policy document. Nevertheless, the country's investment policy is reflected in its industrial policy, export and import policies and the 8th Five-Year Plan (8FYP). The 8FYP clearly highlights the importance of investment in realising higher growth and employment and stressed on attracting higher foreign direct investment (FDI). The country offers opportunities for investment under its liberalised Industrial Policy and export-oriented, private sector-led growth strategy. All but four sectors (i.e. (1) arms and ammunition and other defence equipment and machinery, (2) forest plantation and mechanised extraction within the bounds of reserved forests, (3) production of nuclear energy, and (4) security printing and mining are open for private investment in Bangladesh.

FISCAL POLICY

The country's fiscal policy is the strategic guideline of the government's overall revenue and expenditure management. The main goal of the fiscal policy is to pursue a prudent fiscal policy stand with a view to ensuring macroeconomic stability and conducive environment for sustaining higher level of growth. According to the guidance in the 'Public Money and Budget Management Act 2009', the government is conscious about maintaining the budget deficit within sustainable level. The trend of revenue mobilisation shows that the revenue-GDP ratio is on the rise, albeit the pace of growth is slow. Annual national budget reflects the fiscal policy direction of the country.

The size of the country's budget for FY22 is Tk 6.03 trillion which is 17.5 per cent of the GDP. Total allocation for operating and other expenditures has been set at Tk 3.78 trillion, while the allocation for the Annual Development Programme (ADP) is Tk 2.25 trillion. The overall budget deficit for FY22 will be Tk 2.14 trillion, which is 6.2% of GDP, while the budget deficit in the last fiscal year was 6.1%.

MONETARY POLICY

The general thrust of the monitory policy is to contain inflation within the targeted ceiling and support attainment of GDP growth target. The policy also provides signal to enhance credit flow to productive sectors. In FY20, the Bangladesh Bank shifted to annual monitory policy from the practice of half-yearly policy announcement. It outlines programme to maintain M2 growth at 12.50 per cent and private credit growth at 14.80 per cent.

INVESTMENT & BUSINESS FACILIT

It is essential to invest in economic sectors, especially in industry and production sectors, to attain sustainable development. The government is working for overall development of investment scenario for the purpose of increasing domestic and foreign investments that are related to development activities. Now, the government is implementing different development projects under the Public Private Partnership (PPP) model. In FY2018-19 a total of 1,368 project, both local and foreign; were registered with BIDA and the amount of these investment was Tk. 1,14,095.00 crore, as opposed to Tk. 20,72,925 million against 1,643 projects in 2018. In FY2019-20 (up to February 2020), a total of 764 projects worth Tk. 92,759.00 crore have been registered with BIDA. Bangladesh has achieved stable credit rating by Moody's and S&P for the eleventh consecutive time.

In fact, Bangladesh remains open to investment, and encourages it through incentives to various sectors under many schemes. The country offers an unparalleled investment climate compared to the other South Asian economies as follows:

TATION

1. Bangladesh is a largely homogeneous society with no major internal or external tensions and a population with great resilience in the face of adversity (e.g. natural calamities).
2. Bangladesh maintains a liberal democracy. The people of this country irrespective of race or religion have been living in harmony and understanding for thousands of years.
3. The geographic location of the country is ideal for global trade, with very convenient access to international sea and air routes.
4. Bangladesh is endowed with abundant supply of natural gas, water and its soil is very fertile.
5. Although Bengali (Bangla) is the official language, English is generally used as a second language. The majority of the educated population can read, write and speak in English.

Bangladesh Investment Development Authority (BIDA)

Established under Bangladesh Investment Development Authority (BIDA) Act 2016, BIDA is now the principal private investment promotion and facilitation agency of the country. The act mandated BIDA for providing diversified promotional and facilitating services with a view to accelerating industrial development of the country. In addition, the government has entrusted BIDA with some additional functions in its service list.

BIDA has also undertaken steps for massive reforms to ensure:

- Creation of a true one-stop service for the investors;
- Facilities for development of entrepreneurs;
- Assistance for building required skills to match the needs of higher value production chains;
- Drives to improve the ratings of Bangladesh in various indicators such as 'Doing Business report of the World Bank', and 'Global Competitive Index' of the World Economic Forum.

To improve Bangladesh's current ranking of 176th out of the 190 economies in the World Bank's 'Ease of Doing Business' Index to a 'double digit' ranking by 2021, the BIDA has started to collaborate with different Ministries and Agencies to implement recommendation for necessary reforms.

SPECIAL ECONOMIC ZONES (SEZS)

Bangladesh's eight public export processing zones (EPZs) and one private EPZ are all specialised SEZs focusing on apparel and textiles. The private EPZ, the Korean Export Processing Zone, was developed and is managed by a subsidiary of Youngone Corporation (Republic of Korea). In addition to the nine EPZs, the country hosts another 30 economic zones, 24 of which are being set up. Four of these are being developed by international partners. In fact, to accelerate economic growth and diversification, Bangladesh has in 2010 established two new agencies, tasked with leading development of economic zones and high-tech parks: the Bangladesh Economic Zones Authority (BEZA) and the Bangladesh Hi-Tech Park Authority. Moving away from the EPZ model, the new agencies rely mainly on private capital and expertise to build, own, manage and operate new zones serving both domestic and foreign markets.

BEZA's mission is to establish, within years between 2015 and 2030, 100 economic zones across the country, including in backward and underdeveloped regions, with the goal of creating 10 million jobs, an additional $40 billion in exports and FDI of $9.60 billion. The BEZA's list of approved economic zone projects grew from two at the beginning of 2015 to 97 by 2021 and 29 of them are being developed by the private sector. The development programme is supported by a multi-year technical assistance scheme of the Japan International Cooperation Agency (JICA). As of early 2019, development work was continuing on 28 approved projects, of which 11 were already operating while adding new buildings or facilities. The remaining 17 projects are at various stages of implementation.

By providing attractive fiscal and financial incentives and serviced industrial plots, these zones are expected to mobilise private investments both from domestic and foreign sources. The 8th Five-Year Plan (FY2021-25) aims to use SEZs as a policy tool to generate inclusive growth by means of promoting development in lagging regions.

With targeted area of 75,000 acres of land, 35,000 acres of land has already been developed. The authority has also set a target of acquiring 100,000 acres of land within two years. On 3 April 2019, the Prime Minister of Bangladesh inaugurated and laid foundation stones of 24 economic zones. The Premier also laid foundation stones of 13 economic zones and works of five development projects under the BEZA's initiative.

Twelve international companies from Japan, Malaysia, China, the United Kingdom (UK), Singapore, the UAE, India, Australia and South Korea have signed agreements with BEZA for land acquisition and a few of them have already started land development works. A total of 1,810 acres of land, mostly in Mirsharai and Maheshkhali economic zones, had been allotted to them. These companies would make around $5.78 billion foreign direct investment (FDI) in EZs, generating 13,000 new jobs for the local people.

Among the companies, Macdonald Steel Building Ltd. (Japan) would make $59.19 million investment in building materials while Eonmetall Intl. Ltd. (Malaysia) $9 million in steel rack, Beijing Zhenyuen Cons Ltd. (China) $304 million for 200 MW solar power, Hangzhou Jinjiang Group Co Ltd. (China) $2.5 billion in 1,400 MW coal power, Euresia Food Process Ltd. (UK) $30 million in processed food and Edible Oil Ltd. (Singapore) $400 million in food park.

Besides, Arab Bangladesh Food Ltd. (UAE) would make $12.50 million investment in frozen food while Asian Paints (BD) Ltd. (India) $26 million and Berger Paints (BD) Ltd. (UK) $13 million in paint production, Merchant Melbourne Ltd. (Australia) $3.67 million in meat net, Aust-Bangla Accessories Ltd. $12.15 million in garment accessories and Super Petro Chemical (Pvt.) Ltd. (South Korea) $2.38 billion in petrochemical factories.

Foreign Direct Investment (FDI)

Bangladesh has one of the most liberal FDI regimes with (a) no limits on income and profit repatriation, (b) 100 per cent foreign ownership allowed, (c) joint ventures without restrictions on shareholding, (d) all sectors open to FDI except few restricted on national security grounds, and (d) generous tax holidays.

Bangladesh has signed 31 Bilateral Investment Treaties (BIT), of which 24 are now in force. FDI in Bangladesh dropped by around 11.0 per cent in 2020 to US$2.56 billion from $2.87 billion in 2019. Bangladesh became the top host LDC to attract FDI in the past year followed by Myanmar ($3.58 billion), Ethiopia ($3.30 billion), Cambodia ($3.10 billion) and Mozambique ($2.70 billion). Of the top 10 announced greenfield investment projects in the LDCs in the past year, two were in Bangladesh. The country attracted a $3 billion project for construction of oil and liquefied natural gas terminals, announced jointly by General Electric (the United States), Mitsubishi (Japan) and Summit (Singapore). Another one is $984 million project of fossil fuel electric power proposed by China Huadian Corporation.

The most competitive tax incentives

The Free Trade Zone (FTZ) regime is the mainstay of Bangladesh's export and investment promotion strategy. It is a set of incentives and benefits granted by the Bangladesh government to companies making new investments in the country.

INVESTMENT CLIMATE

The overall investment climate of Bangladesh is favourable to investors. Private investment has been the highest priority area of the Government. The country is considered as the most competitive in South Asia. There is no restriction on the amount of investment. Foreign investors are eligible to take advantage of a wide range of generous tax concessions and other fiscal incentives and facilities. Investment in Bangladesh is secure vis-a-vis nationalisation and expropriation.

Fiscal-and-Non-Fiscal-Incentives

Bangladesh offers some of the world's most competitive fiscal and non-fiscal incentives. The BIDA can advise further on this matter. In summary, these amount to the following: Remittances of royalty, technical know-how and technical assistance fees. Permanent resident permits on investing $75,000 and citizenship on investing $500,000.

Bangladesh Export Competitiveness

Bangladesh, despite being a least developed economy, has a proven record in export competitiveness. Here is a summary of the facts. From 2003 to 2017 Bangladesh achieved annual export value growth of 19.6 per cent, a testimony to its export competitiveness. Whilst not wishing to be complacent, and being mindful of difficult global trade conditions in 2008-2010 as well as during the ongoing pandemic, these positive trade differentials are likely to be with Bangladesh well into the future.

Garments and Textiles

From spinning to weaving, from knitwear to leisurewear and high street fashions, the textiles and clothing industry is Bangladesh's biggest export earner with value of over $28 billion of exports in 2019-20. The country's factories design and produce for the world's leading brands and retailers. This rapidly growing sector of the Bangladeshi economy offers a unique competitive edge that supports profitable expansion into new strategic markets.

The phenomenal growth in the ready-made garment (RMG) sector in the last decade created many new factories and employment opportunities. Having enjoyed more than 70 per cent of total investments in the manufacturing sector during the first half of the 1990s, RMG and knitwear now

account for about 4,825 factories and a workforce of 3.1 million, 80 per cent of which are women. This sector now employs over 50 per cent of the industrial workforce and accounts for 79 per cent of the total export earnings of the country. The growing trend in the textile and the garments sector means that Bangladesh is perfectly positioned to appeal to foreign investors.

Leather and Leather Goods

Bangladesh has a long established tanning industry which produces around 2-3 per cent of the world's leather from a ready supply of raw materials. The country is therefore an established and attractive location to source and outsource the manufacture of finished leather products. The leather industry is ideally suited to Bangladesh with its abundance of labour and natural resources at internationally competitive rates. In FY2019-20, Bangladesh's leather industry registered a total of $797.6 million worth of exporting revenue.

Agricultural and Frozen Food Sector

Agricultural and frozen food exports from Bangladesh stood at $1.64 billion in FY2020-21, compared to $1.44 billion in FY2019-20. Shrimp and fish exports reached $444.41 million during FY 2020-21. Raw jute and vegetables worth $138.15 million and $118.73 million respectively were exported during the same period. Among other agricultural products, tobacco worth $86.20 million, fruits worth $.58 million and cut flower worth $.09 million were exported from Bangladesh during FY2020-21. Export earnings from agricultural products increased by 19.27% in FY21 as compared to the preceeding fiscal year.

Electrical and Electronic Products Sector

Global Electrical and Electronic products are highly branded. Bangladesh is producing mostly for the domestic market.

- Bangladesh encourages private sector investment with 100 per cent foreign ownership.
- Approximately $9 billion market demand while local production approximately $1 billion.
- More than 3,000 units are in operation, creating employment (direct and indirect) 1 million and 0.4 million.

Plastic Sector

- The average growth rate of plastic production is more than 20 per cent a year.
- 300 manufacturers export plastic goods worth nearly $1 billion in the FY 2017-2018.
- Currently, around 5,000 companies are operating in this sector of which 98 per cent of them are SME's.

Light Engineering Sector

The light engineering industry in Bangladesh continues to grow each year. This labour-intensive sector produces a diverse range of items, including import substituting machinery spares, plant machineries, small tools, toys, consumer items and paper products for the domestic market.

- 40,000 light engineering workshops/enterprises operating. About one million people and innovative entrepreneurs are actively engaged.
- Annual turnover is $1,600 million of which Import substitute products is around $200 million.

Ship Building Sector

- Number of Companies: 130.
- Ships made in Bangladesh are 15 per cent cheaper than even Chinese ships and are of the same quality.
- Present capacity is 0.84 per cent of global shipbuilding production.
- Declared as "Thrust Sector" in a different policy.
- 5 per cent incentive on export.

Tourism Sector

- 3.91 billion US dollars was earned from the tourism sector in 2019.
- Unique archaeological sites, cultural heritage and eco-tourism products like the world's largest mangrove forest, the Sundarbans, the world's longest unbroken sea beach in Cox's Bazar (120km), the oldest archaeological site in the Southern Himalayas-Paharpur and the world's largest terracotta temple – Kantajee Temple in Dinajpur, and spectacular monuments and mausoleums of language movement and liberation war of the country.
- The WTTC predicted that by 2023, travel and tourism will directly generate 2 million jobs and support an overall 4 million jobs, or 4.2 per cent of the country's total employment.

Renewable Energy Sector

- Economic growth of 7 per cent calls for the scalability of its power infrastructure to keep up with the demands of industry and increased urbanisation.
- Currently, renewable energy makes up 3.49 per cent of the total electricity generation.
- Around 6 million SHSs have been successfully installed.
- Hydro power, Micro, mini and pico hydro power plants can also be used.

Ceramic Sector

- The global ceramics industry is worth more than $10 billion.
- Bangladesh exported to 50 countries, amounting to about $28 million in 2019-20.
- The export destinations are the EU, the USA, Italy, Spain, France, New Zealand, the Netherlands, Australia, Sweden and the Middle East.
- 68 ceramic manufacturers are operating in Bangladesh, creating employment of 0.5 million.
- Investment in this sector is worth 900 crore BDT with the possibility of expanding.

Pharmaceutical Sector

- Bangladesh pharmaceutical market is worth $3 billion, and is projected to surpass $6 billion by 2025.
- Bangladesh pharmaceutical product exports amounts to $130mn a year, which is expected to hit $450mn by 2025 with compound growth of 12% per annum.
- Pharmaceutical products exported to 144 countries.
- 200 pharmaceutical companies constitute 90% of market share.
- Pharmaceutical industry contributes 1.83 per cent to the country's (GDP).

Jute Sector

- Export earnings from the main exportable yarn and twine soared 42 per cent year-on-year to $449 million in the July-December period of fiscal 2020-21.
- Exporters fetched 56 per cent higher earnings to $92 million in the fiscal's first half.
- A total of 7,80,569 tonnes of jute goods have been exported in FY20 where in FY19 the amount exported was 6,95,191 tonnes.

BUSINESS STARTUP PROCESS IN BANGLADESH

An entrepreneur has to follow nine specific procedures and legal steps to set up a business in Bangladesh. The entrepreneur has to apply to Registrar of Joint Stock Companies and Firms (RJSC) for Name Clearance Certificate. After receiving the certificate, the next step is to pay stamp duty at a Designated Bank and again apply to RJSC for registration. Finally, the investor requires to apply to the Bangladesh Investment Development Authority (BIDA) for registration. The process at very high level looks like the following chart:

Procedure 1

Name clearance certificate for the Company

The first step is to apply to Registrar of Joint Stock Companies and Firms (RJSC) for receiving name clearance certificate. This is a pre-requisite for registration of a new company (other than Foreign Company and Partnership firms) or a society or a trade organization. An applicant needs to apply via RJSC website. The RJSC office will check the database and issue name clearance if it does not closely match or resemble with any of the existing names. It will be valid for next 180 days. An applicant will have to apply for registration within this timeline.

Legal Basis of the Certificate, The Companies Act- 1994

Responsible Agency, Registrar of Joint Stock Companies and Firms (RJSC)

Process Step

Step 1: Applicant fills in the online application
Step 2: Opening an E-account on RJSC website
Step 3: Preliminary name search on RJSC website
Step 4: Payment of fees to designated Bank
Step 5: Submits the money receipt
Step 6: Obtain the name clearance certificate

Procedure 2

Pay Stamp Duty at a Designated Bank

Payment of stamp duty is made to the account of the Treasury at the BRAC Bank. According to the Stamp Act 1899 as amended on June 30, 2012, for an authorized share capital of up to Tk 1,000,000, the total stamp duty fees are Tk 4,000. These include Tk 3,000 for affixing stamps on the Articles of Association, and Tk 1,000 for stamps on the Memorandum of Association. In addition, a certified copy of each document costs Tk 50.

Responsible Agency, Designated Bank

Process Step

Step 1: Payment of stamp duty is made to the account of the Treasury at the BRAC Bank

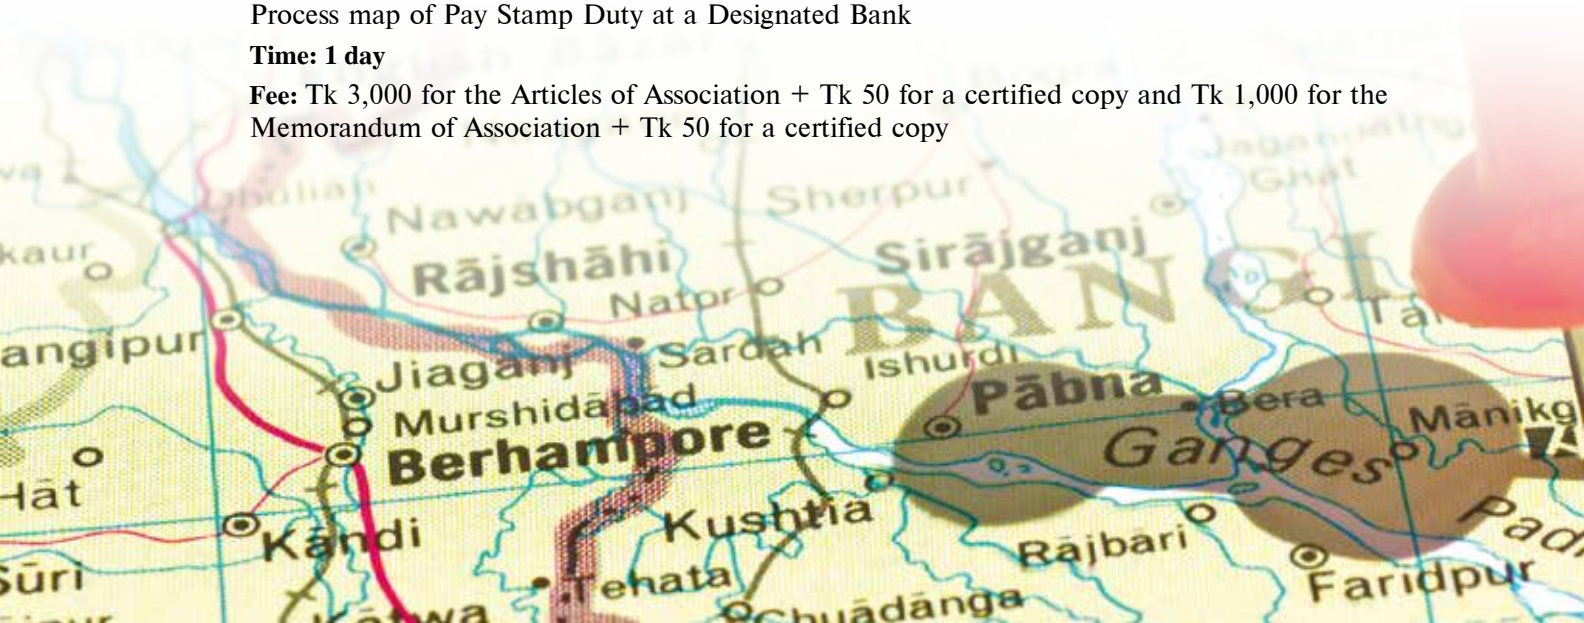

Required Documents

No document is required

Process map of Pay Stamp Duty at a Designated Bank

Time: 1 day

Fee: Tk 3,000 for the Articles of Association + Tk 50 for a certified copy and Tk 1,000 for the Memorandum of Association + Tk 50 for a certified copy

Procedure 3

Register at Registrar of Joint Stock Companies and Firms (RJSC)

The promoters of a new entity (having name clearance, where applicable) apply for registration with necessary documents, prescribed forms & schedules and fees, as appropriate to the entity type. The promoters prepare Memorandum/Articles of Association as appropriate to the entity type, submit the registration application through website and pay the registration fee at the designated Bank. RJSC issues a Certificate of Incorporation upon satisfaction that the promoters obtained name clearance of the proposed entity prior to the registration application.

Legal Basis of the Registration, The Companies Act- 1994

Responsible Agency, the Registrar of Joint Stock Companies and Firms (RJSC)

Process Step

Step 1 : Preparing Memorandum of Association (MOA) and Articles of Association (AOA) as appropriate to the entity type
Step 2 : Visiting RJSC website to apply for company registration
Step 3 : Filling in Name Clearance Submission number and letter number
Step 4 : Filling in the prescribed forms
Step 5 : Attaching the MOA and AOA
Step 6 : Submitting the Registration Application
Step 7 : Depositing the required fee & receiving the payment slip from designated bank
Step 8 : Uploading document online
Step 9 : Printing the uploaded documents and submitting those documents & payment slip to RJSC office
Step 10: Receiving a Certificate of Incorporation from the RJSC Office

Required Documents

1. Name clearance certificate
2. Memorandum and Articles of Association
3. Filled in Form I: Declaration on Registration of Company
4. Filled in Form VI: Notice of Situation of Registered Office and of Any Change therein
5. Filled in Form IX: Consent of Director to act
6. Filled in Form X: List of Persons Consenting to be Directors
7. Filled in Form XII: Particulars of the Directors, Manager and Managing Agents and of any change therein Evidence of Name Clearance
8. Proof of payment (i.e. receipt from the designated bank) for Treasury Stamps
9. TIN Certificate of all Directors

ICC BANGLADESH
PRESIDENCY

Mahbubur Rahman
President

Mr. Mahbubur Rahman, Chairman and CEO of ETBL Holdings Ltd., founding Chairman of Eastland Insurance Company Ltd. and International Publications Limited (Publishers :The Daily Financial Express). He was a Sponsor Director and Chairman of National Bank Limited.

Mr. Rahman is also the Chairman of Bangladesh International Arbitration Centre (BIAC); Vice Chairman of Bangladesh Foreign Trade Institute (BFTI); Member of the Board of Governors of Institute of Business Administration (IBA) of the University of Dhaka; Founder Member of the Independent University Bangladesh (IUB); and Director in the Board of Karnaphuli Fertilizer Co. Ltd. (KAFCO). He is the first and only Bangladeshi Arbitrator of China International Economic and Trade Arbitration Commission (CIETAC) appointed in 2017.

Mr. Rahman is among the 150 high-impact leaders in business and social enterprise from Africa, Asia, Latin America and the Middle East, who have been interviewed under the "Creating Emerging Market Project (CEMP)" at Harvard Business School (HBS).

Apart from his business undertakings, Mr. Rahman has been active in various other fields. He represented the Government of Sri Lanka in Bangladesh from 1972-'79, prior to the establishment of their Resident Diplomatic Mission in Dhaka.

Mr. Rahman was member of ICC World Council and Executive Member of International Chamber of Commerce (ICC), Paris for 1997-99. He was founder member and former Chairman of the Business Advisory Council (BAC) of United Nations Economic and Social Commission for Asia and the Pacific (UNESCAP), Bangkok.

He was the President of FBCCI (1992-94), DCCI (1985-86 &1991-92); Founder Vice President of SAARC Chamber of Commerce & Industry (SCCI); Vice President of Islamic Chamber of Commerce, Industry and Commodity Exchange (ICCICE) for 1993-95; Member, Board of Directors of Biman Bangladesh Airlines Limited (2008-2009) and Member, Board of Directors of Dhaka Stock Exchange Ltd. (DSE) during 2007-2010 among others.

Mr. Mahbubur Rahman was awarded The Lifetime Achievement Award in 2012, by the 'DHL– The Daily Star Bangladesh Business Award'; honoured and awarded the Presidential Friend of Indonesia in 2012 at its 67th Independence Day in Jakarta by the President His Excellency Mr. Susilo Bambang Yodyono of Indonesia. Mr. Rahman has been honoured by The Daily Star as an Eminent Personality for Lifetime Contribution to Nation-Building, in 2016.

Late Latifur Rahman
Founding Vice President

Late Mr. Latifur Rahman was the founding Vice President of ICC Bangladesh. He passed away on 1 July 2020. He was the founding Chairman and CEO of Transcom Group which consist of 16 operational entities from pharmaceuticals, foods, lighting, electronics to media. Transcom is a local business partner of international brands Pizza Hut, KFC, Pepsi Co. and Philips.

The Group is also major stakeholder of Reliance Insurance and National Housing Finance. Transcom Group employs more than 20,000 people and the Group's annual turnover is Tk. 6,800 crores.

Mr. Rahman was the founding director of Media world and Chairman of Mediastar, which own The Daily Star (English) and Prothom Alo (Bengali) newspapers respectively.

Mr. Rahman served as a Member of the Executive Board of International Chamber of Commerce (ICC), Paris for 2 consecutive terms or 6years from July 2014 to June 2020.

In 2012 Mr. Rahman was awarded "Oslo Business for Peace Award" by the Business for Peace Foundation, Oslo and Business Executive of the Year 2001 by the American Chamber of Commerce in Bangladesh.

Mr. Rahman was also the Chairman of National Housing Finance & Investments; Member, Governing Body of BRAC; Member of the Executive Board of Bangladesh Bank and Chairman, Nestle Bangladesh, Holcim Cement Bangladesh.

He was the President of Metropolitan Chamber of Commerce & Industry (MCCI), Dhaka for seven terms; President of Bangladesh Employers' Federation (BEF) for two terms; Member of Executive Committees of The Federation of Bangladesh Chambers of Commerce & Industry (FBCCI), Bangladesh Jute Mills Association and Bangladesh Tea Association; Chairman, Trade-body Reforms Committee and Member, Advisory Committee on WTO.

ICC BANGLADESH
PRESIDENCY

Rokia Afzal Rahman

Vice President

Mrs. Rokia Afzal Rahman is the Chairman of Arlinks Group of Companies, R.R. Trust; Chairman & Managing Director of R.R. Cold Storage Ltd; Aris Holdings Ltd; R.R. Estates Ltd. and Chairperson of Mediaworld Limited (owning company of "The Daily Star", the leading English Newspaper of Bangladesh). She is a Director of MIDAS Financing Limited, Mediastar Limited (the owning company of "Prothom Alo", the leading Bengali Newspaper of Bangladesh) and Ayna Broadcasting Corporation Limited (FM Radio Station - ABC Radio). She is an independent Director of Marico Bangladesh Limited and Bangladesh Lamps Ltd.

Mrs. Rahman is a former Advisor to the Caretaker (having the status of a Minister) Government of Bangladesh. She served as a Board Member of the Central Bank of Bangladesh. She was former President of Metropolitan Chamber of Commerce and Industry–MCCI, Dhaka and Bangladesh Employers Federation (BEF). She was also a Director of Reliance Insurance Limited. Mrs. Rahman served as the Board Member of BRAC (the world's largest NGO).

She is the founder President of Bangladesh Federation of Women Entrepreneurs (BFWE). In 1994, the first Women Entrepreneurs Association (WEA) was formed in Bangladesh with Rokia Afzal Rahman as founder President. In 1996 Mrs. Rahman formed Women in Small Enterprises (WISE) to further promote women into small enterprises and industries.

Mrs. Rokia Afzal Rahman is the Chairperson of Banchte Shekha, Jessore - working for the underprivileged and extremely poor. She is a board member of Subarta Trust - ensuring effective care & services for elderly persons. She is also a board member of MRDI (Management and Resource Development Initiative) and DNET. Mrs. Rahman is the chairman of Presidency University. She has received several international and national awards.

A. K. Azad

Vice President

Mr. A. K. Azad was elected Vice President of ICC Bangladesh Executive Board during its Meeting held on 15 February 2021. The post of Vice President became vacant with the sad demise of Mr. Latifur Rahman on 1 July 2020. Mr. Azad is the Founder Chairman and Managing Director of Ha-Meem Group of Companies, one of the leading corporate houses of Bangladesh. Ha-Meem group has achieved outstanding success in expanding the ready-made garments sector of Bangladesh under his leadership.

As a former President of The Federation of Bangladesh Chambers of Commerce & Industry (FBCCI) and Bangladesh Chamber of Industries (BCI), he has contributed in the policy formulation for development of the industrial sector of the country.

He is also the Founder of the most popular daily newspapers and Electronic Media in the country–The Daily Samakal and Channel 24 respectively.

Mr. A. K. Azad is currently the President of Dhaka University Alumni Association (DUAA) and Director of Shahjalal Islami Bank Ltd. He has been honored with numerous socio-economic awards for his achievements over the years.

Ataur Rahman

Secretary General

Mr. Ataur Rahman started his career in 1975 with Bangladesh Institute of Development Studies (BIDS) as In-charge of the Training Unit and organized various training programme jointly with the Economic Development Institute (EDI) of the World Bank. Prior to joining BIDS, he worked with the Press Foundation Asia, Manila, The Philippines for two years. He worked at the Centre on Integrated Rural Development for Asia and the Pacific (CIRDAP), a regional inter-governmental organization with its head-quarter in Dhaka from 1980-1997.

Before joining ICC Bangladesh in January 2005, he worked with the Bangladesh Silk Foundation as General Manager and Managing Director. Mr. Rahman obtained his B.Com. (Honours) degree and completed M.Com. (Management) from the University of Dhaka in 1969 and 1970 respectively. He obtained his M.B.A. Degree from the De La Salle Graduate School, Manila, The Philippines in 1973. Mr. Rahman is a Fellow of EDI, World Bank.

Fax	:	+88-02-9851015, 9860301
E-mail	:	info@bab-bd.com
Website	:	www.bab-bd.com
Chairman	:	Mr. Md. Nazrul Islam Mazumder
Secretary General	:	Mr. Md. Abdur Rahman Sarker
Nature of Business	:	Advisory Service Organizations
Date of Incorporation	:	1993

Brief outline of the organization: Bangladesh Association of Banks (BAB) has emerged as a forceful forum for exchanging views on problems being faced by the banking sector of Bangladesh and for formulating common policy guidelines in tackling such problems. BAB started its activities in 1993 with 9 commercial banks which now have increased to 29 out of 30 private commercial banks. The Association's aim is to guide its member banks to inject dynamism and innovative banking practices, in line with global banking practices.The BAB's important objectives are, to evolve a common thinking through exchange of views among the members towards solution of the problems faced by the banking sector, to provide guidance to member banks on conduct of banking business, to organize seminars/workshops/training programmes for bank officials.

Bangladesh Insurance Association (BIA)
Hossain Tower (9th floor), 116 Naya Paltan, Box Culvert Road, Dhaka 1000

Tel.	:	+88-02- 48310179, 222226378
Fax	:	+88-02-222226378
E-mail	:	biadhaka1988@gmail.com
Website	:	www.bia-bd.org
President	:	Sheikh Kabir Hossain
Secretary General	:	Mr. Nishith Kumar Sarker
Nature of Business	:	Apex Body of Insurance Companies
Date of Incorporation	:	25 May 1988

Brief outline of the organization: Consistent with the privatisation policy the world over, the Government of Bangladesh took a decision in 1984 to allow operation of insurance companies in the private sector side by side with state-owned Sadharan Bima Corporation and Jiban Bima Corporation. As a result, a number of companies in the private sector came into being in 1985. The representatives of the private insurance companies decided to form the Association with 13 insurance companies, including 3 in life insurance, operating at that time in the private sector in the country as members. The total number of members stands now at 76 (45 general and 31 life). The objectives of BIA are to promote, support and protect the interests and welfare of the member companies, to help develop the healthy growth of insurance business in the country, to act on behalf of its members both collectively and individually in any matter affecting their interest, to issue tariffs and regulate rating of risks, to approach the government from time to time to take such steps as may be deemed expedient in the interests of the insurance industry as a whole.

Bangladesh Garment Manufacturers and Exporters Association (BGMEA)
BGMEA Complex, House 7/7A, Sector 17, Block H-1, Uttara, Dhaka 1230

Tel.	:	+88-09638012345

Tel.	:	+88-02-58615910
Fax	:	+88-02-9673337
E-mail	:	info@bkmea.com, dhkadmin@bkmea.com
Website	:	www.bkmea.com
President	:	Mr. A.K.M Salim Osman
Chief Executive Officer	:	Mr. Sulav Chowdhury
Nature of Business	:	Trade Organization
Date of Incorporation	:	2 November 1996
Recognition/Award	:	Recognized Worldwide

Recognition/Awards: Institutional Appreciation Crest 2018 by National Productivity Organization; Business Excellence Awards 2017: Best Work Place Safety & Health Recognition Award by South Asian Partnership Summit (SAPS); U.S. Green Building Council Certified Member since 2015; South Asian Partnership Summit & Business Awards (SAPS) in 2018.

Brief outline of the organization: BKMEA's mission is to promote and enhance knitwear sector's competitiveness, productivity and profitability in the global market through support services to its members i.e. capacity building of the sector and networking with all stakeholders. Starting with a minimum membership base, now it is an association of 2250 (up to September, 2019) knitwear manufacturers and exporters constituting the second largest exports earning sector of the country as well as in the world. To be specific, it is a research-based organization which advocates member driven policy intervention. To lead the world knitwear market, BKMEA is putting diligent efforts to diversify export market, and ensure better market access of the country's knitwear products to EU, USA, China, South Africa, Japan and other potential countries across the world. BKMEA has set up knitwear export target of 21 billion US$ by 2021 and 41 billion by 2041. It has also targeted to convert one-fourth of its member units into green factories by 2021.

Bangladesh Textile Mills Association (BTMA)
UTC Bhaban (Level 8), 8 Panthapath, Karwan Bazar, Dhaka 1215

Tel.	:	+88-02-48116358, 58156619
Fax	:	+88-02-48113312
E-mail	:	info@btmadhaka.com
Website	:	www.btmadhaka.com
President	:	Mr. Mohammad Ali Khokon
Additional Director & CEO	:	Mr. Monsoor Ahmed
Nature of Business	:	Trade Association
Date of Incorporation	:	1983

Brief outline of the organization: BTMA is the national trade organization representing Yarn, Fabric Manufacturers and Textile Product Processors mills of the country under private sector. Exports of textiles and garments are the principal source of foreign exchange earnings. BTMA has around 1700 Member-Mills consisting of Spinning Mills, Weaving Mills and Dyeing and Finishing Mills.

BTMA is continuously in endeavor to overcome the existing and upcoming challenges to contribute in ease of doing business and reduce the cost of doing business of BTMA Member Mills. Investment in the Primary Textile Sector is 10 billion US$ and Textile Sector contributes 13% in GDP. Local fabric demand and the yarn demand for handloom are also met by Primary Textile Sector (PTS).

The Primary Textile Sector (PTS) supports 80-90% demand for yarn for knit industry and 35-40% demand of woven sector. Within 2022, PTS Industry will be able to provide support of 100% to the Knit Industry. Backward and Forward linkage industries provide employment around 4.5 million out of which 60% is female. Website	:	www.basicbanklimited.com
Chairman	:	Professor Dr. Abul Hashem
Managing Director & CEO	:	Mr. Md. Anisur Rahman
Nature of Business	:	Banking
Date of Incorporation	:	2 August 1988

Brief outline of the company: BASIC Bank Limited (Bangladesh Small Industries and Commerce Bank Limited) registered under the Companies Act 1913 on the 2nd of August, 1988, started its operations from the 21st of January, 1989. It is governed by the Banking Companies Act 1991. The Bank was established as the policy makers of the country felt the urgency for a bank in the private sector for financing small scale Industries (SSIs). At the outset, the Bank started as a joint venture enterprise of the BCC Foundation with 70 percent shares and the Government of Bangladesh (GOB) with the remaining 30 percent shares. The BCC Foundation being non-functional following the closure of the BCCI, the Government of Bangladesh took over 100 percent ownership of the bank on 4th June 1992. Thus the Bank is state-owned. However, the Bank is not nationalized; it operates like a private bank as before.

Brief outline of the company: BRAC Bank Limited, traded as 'BRACBANK' in Dhaka Stock Exchange, is one of the fastest growing banks in Bangladesh with focus on serving the SMEs. It is the only bank in the country with a market capitalization of US$1 billion. It was founded in 2001 to provide access to finance to the unbanked SMEs across the country. To realize potential and the dreams of SMEs, BRAC Bank was the first to introduce small-ticket collateral free loans to bring these grassroots entrepreneurs under the formal banking umbrella, thereby contributing significantly to revitalize the economy and generate employment. With 187 branches, 448 ATMs, 456 SME Unit Offices, 80 Agent Banking Outlets, BRAC Bank operation now cuts across all segments in financial hypermarket serving 1.2 million customers. BRAC Bank has been rated B+ by S&P and Ba3 by Moody's. More than 40% of its publicly issued shares are owned by overseas investors.

Brief outline of the company: City Bank, established in 1983, is a first generation private commercial bank in Bangladesh. The Bank has rapidly transformed over the years to remain relevant to the country's fast-evolving economy, embraces global best practices and chooses to be at the forefront of technological initiatives. Unlike many, the Bank's criteria for success is not only the bottom-line numbers but also the milestones towards becoming the most complete bank in the country and living up to its vision statement: "The Financial Supermarket with a Winning Culture Offering Enjoyable Experiences". City Bank is a real time online bank having 132 branches and more than 350+ ATMs spread across the country. The bank is the sole franchisee of American Express brand in Bangladesh and provides a wide suite of deposit and loan products and solutions to cater to the requirements of the widest socio-economic population cross-section. The bank, with 3500+ employees, understands that being the 'best' means having the perfect balance of strong financials, quality customer service, value propositions, brand equity, technology and human factors. City Bank has come a long way towards that goal and can strongly claim to be the number one contender for the top spot. Widely regarded as a thought-leader in the local banking industry, City Bank is already recognized as the top financial brand of the country and is poised to become the most reputed financial institution soon. Chairman	:	Mr. Abdul Hai Sarker
Managing Director & CEO	:	Mr. Emranul Huq
Nature of Business	:	Banking
Date of Incorporation	:	6 April 1995

Brief outline of the company: Dhaka Bank was incorporated as a Public Limited Company on April 6, 1995 under Companies Act, 1994. The company commenced banking operations on July 5, 1995. Dhaka Bank is such a dream that spread in profusion modern banking prospects with deep attachment to its community and culture. A host of visionary entrepreneur friends inspired by a futurist leader set forth the fight of this great corporate voyage that echoed the speed of technology on the inner soul of Bangladesh. The Bank is widely recognized today for its exceptional service, simplicity, proximity and cutting-edge way of delivery. The Bank stood out for its financial strength and operational craftsmanship marking its position as the potential market player in all core areas of banking in the country. It got listed in DSE and CSE in 2000. Alongside a lasting bond with the corporate world, Dhaka Bank has got hold of a countrywide reach through a larger network of Branches, ATMs, ADMs, SME channels and SMS banking. As on December 2017, Dhaka Bank has made its vibrant presence at 101 Branches including 2 Islamic Banking Branches, 3 SME Service Centres, 56 ATMs, 20 ADMs, 1 Business Kiosk, 1 Customer Service Center and 2 Offshore Banking Units across the country. Catering to the needs of Capital Market, the Bank has established a subsidiary company named Dhaka Bank Securities Limited having 6 countrywide Branches. We expect to rise from the heart of Bangladesh as a stronger force in the market we serve. We are committed to our goals to create superior shareholder value in our quest for excellence as we grow and mature into a banking veteran.

Brief outline of the company: HSBC opened its first office in Dhaka, in 1996. Since its establishment, staying true to its purpose, HSBC has been striving to become a trusted partner of Bangladesh's economic growth and prosperity. We have 850+ dedicated employees working in our key business areas: Commercial Banking including award winning Payments and Cash Management Services and Global Trade and Receivables Finance, Retail Banking and Global Markets. Today, HSBC serves customers in capital city Dhaka and port city Chattogram through seven branches. We are the only bank in Bangladesh that has a presence in all 8 Export Procession Zones (EPZs) of the country expediting trade. We help commercial enterprises to achieve the right financing mix by providing innovative financing solutions, mobilising credit for energy and power, telecommunications, infrastructure (cement, steel and related industries) and export oriented industries. We are aligned with the development strategy of Bangladesh, and have supported selective long term projects which support other economic drivers like employment, social and environmental improvement etc. At HSBC, Corporate Social Responsibility (CSR) is referred as Corporate Sustainability (CS) to recognize the wider commitments to communities in which we operate. Today our sustainability approach focuses on three main areas: sustainable finance; sustainable supply chains; and employability and financial capability.

Brief outline of the company: MTB's growth over the past 19 years is attributed to its reputation as a compliant bank, formulation of timely strategy and customer-centric culture supported by good governance. The bank has successfully carried on the legacy built by the founders of MTB. The slightest shift in our firm commitment of being responsible in our business activities and accountable to the society has never been an option. And after 19 years, the result is more visible than ever: a bank with a clean image, excellent reputation, enviable structure and a team, which is efficient and dedicated. With an unyielding attitude towards upholding the notions, upon which the organization has been built, MTB is now all set to focus more on the growth trajectory. Maneuvering the constant shifts in the market, warding off threats in the technology front and becoming a cut above the rest is the new challenge. MTB, with all the resources in its arsenal, is committed to rising to the top as a resurgent force.

Brief outline of the company: Trust Bank Limited is one of the leading private commercial banks having a spread network of 110 branches & SME centers, 224 ATM Booths, over 20,000 Paypoints and 65 POS in 55 Branches across Bangladesh and plans to open more branches to cover the important commercial areas in Dhaka, Chittagong, Sylhet and other areas in 2016. The bank, sponsored by the Army Welfare Trust (AWT), is first of its kind in the country. With a wide range of modern corporate and consumer financial products Trust Bank has been operating in Bangladesh since 1999 and has achieved public confidence as a sound and stable bank. In 2001, the bank introduced automated branch banking system to increase efficiency and improve customer service. In the year 2005, the bank moved one step further and introduced ATM services for its customers. Since bank's business volume increased over the years and the demands of the customers enlarged in manifold, our technology has been upgraded to manage the growth of the bank and meet the demands of our customers. In January 2007, Trust Bank successfully launched Online Banking Services which facilitate Any Branch Banking, ATM Banking, Phone Banking, SMS Banking, & Internet Banking to all customers. Customers can now deposit or withdraw money from any Branch of Trust Bank nationwide without needing to open multiple accounts in multiple Branches. Via Online Services and Visa Electron (Debit Card), ATMs now allow customers to retrieve 24x7 hours Account information such as account balance checkup through mini-statements and cash withdrawals. Trust Bank has successfully introduced Visa Credit Cards to serve it's existing and potential valued customers. Credits cards can now be used at shops & restaurants all around Bangladesh and even internationally. Trust Bank is a customer oriented financial institution. It remains dedicated to meet up with the ever growing expectations of the customer because at Trust Bank, customer is always at the center.

Brief outline of the company: IDLC Finance Limited (former Industrial Development Leasing Company of Bangladesh Limited) was initially established in Bangladesh in 1985, as Bangladesh's pioneering leasing company, through the collaboration of the International Finance Corporation (IFC), German Investment and Development Company (DEG), Kookmin Bank and Korean Development Finance Corporation, The Aga Khan Fund for Economic Development, The City Bank Limited, IPDC of Bangladesh Limited and Shadharan Bima Corporation. As the company evolved over the years, the foreign shareholding gradually moved out. The IDLC Group today is represented by 40 branches and booth in the major cities of the country and over 1,300 employees, with IDLC Finance itself employing over 1,150 staff. IDLC Finance Limited is at present the largest multi-product Non- Banking Financial Institution in Bangladesh, with roughly equal investments in Corporate, Retail and SME sectors. The IDLC Group also has a significant presence in the capital market through its three wholly-owned separate legal entities- IDLC Investments Limited, providing merchant banking operations, IDLC Securities Limited, providing brokerage services and IDLC Asset Management Limited, providing asset management solutions. Over the years, IDLC has attained a significant presence in the financial sector of Bangladesh. It is highly respected by clients, peers, employees and regulators for its professional talent pool and progressive working environment. While both business and profits have grown significantly over the last few years in particular, the company has consistently demonstrated exemplary corporate governance and strict statutory compliance, and is a standard bearer in this regard in the financial sector of Bangladesh. IDLC has always followed a revenue diversification strategy and this led to the establishment of different client segments- Corporate, Personal Financing, and SME. The current product portfolio includes Corporate and Structured Finance solutions to local and multinational corporate houses; Personal financing products such as deposits, personal loans, home loans, car loans etc; financing facilities for Small and Medium Enterprises; Merchant Banking solutions such as Portfolio Management and Investment Banking (IPO, RPO, Bond Issuance, Right Shares Offering etc); and Brokerage Services; Asset Management solutions such as Mutual Funds and Alternative Investment Services.

Managing Director	:	Mr. A.S.M. Mainuddin Monem
Nature of Business	:	Diversified business conglomerates
Date of Incorporation	:	1956

Brief outline of the company: The founding Chairman and Managing Director late Mr. Abdul Monem had established the organization in the year 1956 which is strongly and successfully run by his two eligible sons working as the Managing Director (MD) of the company, Mr. A.S.M. Mainuddin Monem and Additional Managing Director (AMD) Mr. A.S.M. Mohiuddin Monem. Since 1956 and onwards, who have led others to follow. The core strength of our organization is rooted in our capacity to gather the resources to complete infrastructure projects on a grand scale (funded by Word Bank, ADB, JICA etc.) thus demonstrating our ability to bear the initial risks associated with such projects and proving our sustainability throughout the long development periods. Over a successful period, AML has not just developed a wealth of experience in infrastructure and development project arena in order to meet the international standards of quality and services, it has also become the bottler of Coca Cola, the producer of number one ice-cream brand Igloo, Igloo milk and dairy products, Igloo food items and snacks, manufacturer of pharmaceuticals, maker of auto bricks, bitumen and other selected construction materials. It also established AM Sugar Refinery Ltd., AM Rice Bran Oil), ServicEngine BPO, AM Securities and Financial Services Ltd., etc. In 2015, it was awarded to develop one of the first private economic zones of the country i.e. Abdul Monem Economic Zone (AMEZ) in Daudkandi, Munshiganj on its land of 216 acres. All these strategic units are established with a view to leveraging the strength of the parent company as well as to contribute to the national economy with an intention of generating employment opportunities for fellow citizens. Even though, AML began as a family owned business, it has transformed into a multi disciplinary modern day business group delivering value to our customers. As such, our priority has been to focus on building capabilities to infuse strength and character in our people, our business partners, associates and stakeholders resulting in robust and dynamic growth of the establishment.

Brief outline of the company: An initiative of Summit Group and Alliance Holdings Limited, Summit Alliance Port Limited (SAPL) was initially incorporated as a private company on December 06, 2003 and converted to a Public Limited Company on March 06, 2008. SAPL is now the market leader in the industry and handling around 23% of the Country's export containers. Principal activities of the company are to provide Off-Dock services to its valued clients. SAPL, as the country's largest Inland Container Depot and Container Freight Station (Off-Dock) service provider with over 65 acre of freehold land and 645,000 sft of warehouse space located 6.50 km away from the multipurpose container vessel berths of Chittagong Port, with facilities to provide both ICD and CFS services. SAPL alone is facilitating the Foreign Exchange earning generation of the country by handling over USD 8bn worth of export cargo per year and thereby providing a vital logistics service that is necessary for facilitating the country's growing exports. Besides, establishment of the company's River Terminal, the first of its kind in the country's private sector, on 15 acres of Company's freehold land on the bank of river Dholeswary in Mukterpur under Munshigonj district is complete. The River Terminal, being similar in certain respects to the Off-Dock establishment, shall have the bonded warehouse facilities with required handling equipment for Container Freight Station to handle export and import cargos as well as for storage of empty containers. In addition the company shall provide container vessels for transportation of cargo to and from Chittagong Port. SAPL has four subsidiary companies: Cemcor Limited, Container Transportation Services Limited, Summit Alliance Port Pte. Ltd & Summit Alliance Port East Gateway (India) Pvt. Ltd.

Brief outline of the company: ICSB National Award 2017 for Corporate Governance Excellence (Gold Award in Engineering Category); Singer Refrigerator was recognized in 2018 as the No 1 Refrigerator Brand in Bangladesh

Brief outline of the company: Singer has been operating in this region (Bangladesh) since 1905 when the country was a part of the Indian sub-continent. After the partition of the Indian Sub-continent in 1947, Singer in East Pakistan operated as a branch of Singer Pakistan. Singer Bangladesh Limited was incorporated as a private limited company on 4 September 1979 and it was converted into a publicly traded company in 1983. Singer Bangladesh Limited was a company with a single product - sewing machine till 1985. Today, Singer is a large, diversified company with unmatched presence throughout Bangladesh. Singer is now a member of Arcelik A. S., Turkish largest home appliances company (Part of Koc Holding, Turkey). Retail Holdings Bhold B. V. is the majority shareholder in the company, holding a stake of 57%. The public shareholding accounts for 43%. Singer Bangladesh Limited is listed with the Dhaka and Chittagong Stock Exchange.

Tradewind GmbH
Registered Office: FlughafenstraЯe 83, 41066 Mцnchengladbach, Germany

Bangladesh Office: Baliaree (2nd Floor), House 30, Road 130, Gulshan 1, Dhaka 1212

Tel.	:	+88-02-8834831-2
E-mail	:	bangladesh@tradewindfinance.com
Website	:	www.tradewindfinance.com
Executive Director	:	Mr. Ansgar Hütten
Nature of Business	:	International Trade Financing
Date of Incorporation	:	7 March 2000

Brief outline of the company: Tradewind GmbH is a Germany-based finance organization that provides international trade finance solutions to the world's small and mid-sized enterprises as well as to large corporates globally. Our core products are non-recourse export factoring and supply chain finance. By combining financing, credit protection, and collections in a single suite of trade finance products, we bring comprehensive, streamlined and best-in-class services to the world's exporters and importers.

Tyser Risk Management Bangladesh Limited
Awal Center, Level 4, 34 Kemal Ataturk Avenue, Banani C/A, Dhaka 1213

Tel.	:	+88-02-55 042326-7, 55042048
E-mail	:	info@trmbl.com
Website	:	www.trmbl.com
Chairman	:	Mr. Roger Edward Marsh
Managing Director	:	Mr. Christopher Sydenham
Nature of Business	:	Consultancy, Risk Management, Plant Surveys etc.
Date of Incorporation	:	10 November 2020

Brief outline of the company: In a significant expansion of Tysers original role as London based reinsurance brokers in Bangladesh, dating back nearly 50 years, and in an attempt to help improve the awareness and control of risk in the country, in 2002 it established a Dhaka-based Risk Management company (Tyser Risk Management Bangladesh Limited – TRMBL) to provide a range of services to support not only the local insurance market but also their International Reinsurers along with – increasingly – local and multi-national industrial groups and Investors. These include:

- Insurance Audits
- Insurance Consultancy
- Plant Surveys
- Risk Management Reviews
- Plant Valuations
- Safety Audits
- Advance Loss of Profit (ALOP) – ALOP monitoring and reporting service etc.

In the years ahead, and with further development within the country proceeding at a remarkable pace, we are confident that TRMBL will contribute increasingly to the stable and secure industrial growth to which the Bangladesh Government has committed itself.

Unilever Bangladesh Limited
Z.N. Tower, Plot 2, Road 8, Gulshan 1, Dhaka 1212

Tel.	:	+88-02-9888452

E-mail	:	muneera.huda@unilever.com communications.ubl@unilever.com
Website	:	www.unilever.com.bd
Chairman	:	Mr. Kamran Bakr
Managing Director & CEO	:	Mr. Zaved Akhtar
Nature of Business	:	Fast Moving Consumer Goods (FMCG)
Date of Incorporation	:	1964

Recognition/Awards: "Top Taxpayer" for 3 years in a row and 5th time since 2013; "Best Employer" for the 7th time in a row; "Dream Employer" across campuses and the "Best Place to Work for Women"; "Partners in Progress" by Standard Chartered Bangladesh Trade Awards 2018, "Chittagong Divisional Environment Award" by Dept. of Environment in 2013, Lifebuoy won "Silver award" in the category of "Best use of integrated campaign" in Media Abby Goa Fest in 2018 while Lux won "Bronze Award" in the same category, Pepsodent won "Grand Prix" in the category of "Best use of search" by Digital Marketing Awards in 2018.

Brief outline of the company: Unilever Bangladesh is a company that has its own history intrinsically related to the development of Bangladesh. In 1964, the first soap manufacturing facility was setup in Kalurghat-Chittagong, which over a period evolved and diversified into one of the largest manufacturing locations in South Asia. Thriving for over 50 years, Unilever Bangladesh now has 21 brands operating in 10 product categories and it is the market leader of 8 categories. The Unilever Sustainable Living Plan sets out to decouple its growth from its environmental footprint, while increasing its positive social impact. Unilever has set three big goals to achieve: Helping more than 1 billion people take action to improve their health and well-being by 2020, halve the environmental footprint of its products as it grows its business by 2030, enhance the livelihoods of millions of people by 2020.

United Dhaka Tobacco Company Limited
Levels 9-10-11-12, Rangs RD Centre, Plot-SE(F) 3
Gulshan Avenue, Dhak 1212

Tel.	:	+8809612115500
Fax	:	+88-02-9857624

Managing Director & CEO	:	Mr. Maxim Lobachev
Nature of Business	:	Manufacture and marketing of tobacco products
Date of Incorporation	:	August, 2018

Brief outline of the company: United Dhaka Tobacco Company Ltd. (UDTCL) is a member of Japan Tobacco International Group (JTI). UDTCL has been acquired by Japan Tobacco Industry in 2018, making it the single biggest Foreign Direct Investment (FDI) in the history of Bangladesh. UDTCL is currently one of the largest private sector employers in the country with nearly 15,000 employees. The company also works directly with about 28,000 farmer families in different parts of the country ensuring profitable return for their crops. JTI Bangladesh seeks to continuously improve its contribution in the economy, society and business arena.

50 YEARS OF BANGLADESH'S INDEPENDENCE

In 1971, millions of Bangladeshis gave their lives to liberate their motherland from its oppressor, culminating in the birth of a country – we proudly call Bangladesh. 2021 marks the country's 50 years of independence. We have moved forward with the spirit envisioned and ignited by the Father of the Nation to make this country prominent in the world map. We have made long strides in that direction and achieved 'middle income' status under the leadership of Prime Minister Sheikh Hasina. AB Bank takes this opportunity to congratulate and rejoice in the nation's celebration of its 50 years of Independence.

A Bank of Sustainability

Mutual Trust Bank Limited (MTB) rejoices along with its customers, shareholders, stakeholders, regulators, patrons and well-wishers, on being recognized as one of the top ten (10) Sustainable Banks of Bangladesh by Bangladesh Bank.

The recognition is made by Bangladesh Bank's Sustainable Finance Department (SFD) based on its performance in 2020. This is the first time, Bangladesh Bank has published such kind of rating based on four indicators such as Sustainable Finance, Green Refinance, Corporate Social Responsibilities (CSR) and Core Banking Sustainability.

City Bank salutes women empowerment by introducing

city alo™

Specialized banking services for women

Bangladesh is moving ahead because women have joined hands in shaping its economy. City Bank, in collaboration with IFC, is trying to actively support this socio-economic trend. Hence, City Alo — full scale banking for women.

Features:

- First ever "coffee shop bank branch" in the country where women, specially budding women entrepreneurs from millennial generation, will gather, converse, and build network towards attaining financial freedom
- Business finance and management courses (Certification Program) at North South University
- City Alo website - a unique hub for networking and discourse among women
- Multipurpose auditorium with 150 people capacity to hold monthly workshops on business education, health and legal matters
- Special women deposit and loan facilities from all branches
- Many more. To learn, visit **cityalo.com**

To know more please call: 16234
